Von Jaime Reese : A Restored Man (The Men of Halfway House Book 3) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Restored Man (The Men of Halfway House Book 3) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Jaime Reese Hammers Home With This One Von Al-Khemet Book Club A Restored Man Jaime Reese is indeed a brilliant

author, also one carrying the torch in the M/M Romance genre. This novel *A Restored Man* showcase her talent in writing and the creative process of writing very well. Cole Renzo and Ty Calloway set my heart on fire. This was a terrific novel, with some serious erotic heat that sends chills rippling down the spine with a skillful blend of breathtaking romance that is sure to entice readers. I was all in after the first few pages; it just grabs you and reels you in. A nicely written book that is worth looking into, also checking out other stuff by this brilliant author. Al-Khemet Book Club, March 2015 0 Kunden fanden die folgende Rezension hilfreich. Review on *A Restored Man* (The Men of Halfway House Book 3) Jaime Reese Von iris Now it is Cole's turn, and I must admit I had been a bit cautious. For one I am not too much into cars and before Cole was mainly the person bringing comical relief to balance the chaos surrounding Cam Hunter, so I did not expect much of him (sorry to be such a quick judge, Cole). But he and Ms Reese surprised me again and I had been sucked into this new story without even realizing it. The beanie wearing young man with his mouth running faster than his brain gets a job at the Calloway's Garage thanks to detective Aidan, his younger brother Ty being his new boss. Like the fox in the henhouse one wonders if it is wise to let a car stealing wizard work with expensive cars. But Cole's unconcealed fascination with fast cars, his stunning repair skills and hard working hours win him the respect of the whole exotic car restoration team, his boss included. After a horrible car accident, where the brothers lost their parents, Ty feels broken and the survivor's guilt is eating away at him in addition to all his injuries and burns. Cole may have an unstoppable mouth, but he is also unbreakable honest and stubbornly persistent when it comes to Ty. He is like a fresh breeze and reaches Ty's grief stricken, lonely heart. In this book the emphasis is less on action and focuses more on emotions and the blooming relationship between those two sweet, likeable characters. The last third of the story the speed picks up and a new villain steps on the stage trying to blackmail Ty and Cole. Well, I am sure the story could have done without that last section, but I realize the author used it introducing another character (Drayton), which managed to make me curious about him already. I recommend you should read the books of this series in order to get into the world of Halfway House and all its old and new MCs. That way you have no problem following all those little remarks along the sidelines from the other guys entering scenes and have the full enjoyment of this amazing world Jamie Reese has been creating with her words since the very start. Now I am feeling really antsy about volume 4! 0 Kunden fanden die folgende Rezension hilfreich. Great first half, and then... Von Yunomi I read the other two installments of this series a while ago, so I don't remember whether I felt the same about them, but I have to say this book disappointed me. Not because it was so bad, but because it started off so well, and I really loved Cole, and even though I didn't get Ty quite as much, their interaction was nice, and I couldn't put the book down. But halfway through, for me the story really started to drag, we get lots of overly detailed sex scenes, lots of uber-emotions and very little plot. By the end, even Cole got on my nerves. He gets way too perfect, knows what to do at all times, and restores everybody's life for them to perfection. Really, this would have been a great novella if they had just left out the second half, but as it is, it leaves you with a sickeningly sweet aftertaste and you're just glad to have got it over with. Still, the great beginning warrants three stars.

Kurzbeschreibung Cole Renzo thinks his greatest challenge is to behave for the remainder of his term at Halfway House. Until he meets his new boss, Ty Calloway, a man who ticks off every box on Cole's list of interests. A sought-after restorer and customizer of exotic and collectible cars, Ty had enough confidence to command what he wanted in life, until one fateful night changed everything. Almost two years later, he's slowly rebuilding his life with great control. He's defied the odds and works tirelessly to be the man he once was but he still feels broken. Cole's candor and unfiltered personality awaken Ty's barely-remembered desire to greet each new day with a smile, while Ty's unwavering acceptance of Cole's quirks and brash humor makes Cole feel as if he fits in for the first time in far too long. When a nemesis threatens Ty's personal restoration and the things he holds dear, Cole is determined to protect their relationship, even if that means sacrificing everything he's worked so hard to achieve. But Ty will have to let his guard down, surrender control, and admit he needs Cole first, even if that puts himself at risk of breaking beyond repair. ---Word count: 117,600 This is book 3 in The Men of Halfway House series. Although part of a series, this book can be read as a stand-alone. **Kurzbeschreibung** Cole Renzo thinks his greatest challenge is to behave for the remainder of his term at Halfway House. Although part of

a series, this book can be read as a stand-alone.ber den Autor und weitere MitwirkendeJaime Reese is the alter ego of an artist who loves the creative process of writing, just not about herself. Fiction is far more interesting. She has a weakness for broken, misunderstood heroes and feels everyone deserves a chance at love and life. An avid fan of a happy ending, she believes those endings acquired with a little difficulty are more cherished.
