Von Robert B. Parker : A Savage Place (The Spenser Series Book 8) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Savage Place (The Spenser Series Book 8) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.

Entertaining, but there are better ones Von ChrissiMUCSpenser travelling as a bodyguard to tinseltown. That must be fun for the reader, or not? Well, in the first place it's a typical Spenser novel and his client seems to be a typical inhabitant of Hollywood. It takes some time until they get used to each other and both understand from each other their values of life. And while also the crime story develops and Spenser's client understands what is really important in life, Spenser tries to protect her from the mob. And he fails to do so. This is something he can not stand and when you ever wanted to experience how it would be like if Spenser really gets angry, read this. 1 von 2 Kunden fanden die folgende Rezension hilfreich. Spenser is tarnished Von Ein Kunde This could have been a good story. Instead, it was a conglomeration of events and choices that made no sense and was horribly mired by Spenser's plummet from hero status. The image of Spenser dancing, slow and tight, with his client was disturbing enough. (This story comes after his commitment to Susan Silverman. A slow dance with another woman on the balcony of her hotel room should be against Spenser's honorable "system" for living.) But it doesn't end there. He strips her and himself, carries her to bed, and spends the night. The next morning he explains that, since he doesn't have a relationship with this woman, having sex with her was alright and wouldn't bother Susan much. Bothering Susan at all by sleeping with another woman should be against his system. He later reveals his stunning logic that sleeping with this woman a second time would be cheating on Susan. Spenser's shining armor is bashed to bits in this story. Also, the client (her name is "Candy" for heaven's sake) is an investigative reporter for a television station who is trying to prove that she is more than a pretty face and a swaying backside: she is good at her job. How does she go about proving this? By sleeping with men for information! She enhances this image of intelligence by zombie-like chanting of "I want it all, I want it all." As a result, instead of going to the police with information regarding very dangerous people, she meets dire consequences. Quite an intelligent lady. Spenser dreams of Susan on his flight home to Boston. How wonderful of him. This is the eighth entry in the Spenser series and is very disappointing. The 10th, 11th and 12th stories (The Widening Gyre, Valediction, and A Catskill Eagle) help restore some of Spenser's honor. 1 von 2 Kunden fanden die folgende Rezension hilfreich. the journey is more significant than the destination Von roberti disagree with the above reviews in that i believe that this was a very important book in the spencer series. i believe the entire premise behind the spencer character is not that different from the characters in "the bodyguard", "the last boyscout", "die hard", and "ronin" - they are all derivations of a solo samurai theme the characters travel through life alone with not much more than their convictions. how life tests these principles and how these characters choose and ultimately end up is the basic heart of the stories. spencer has proved himself in his comfortable settings in boston. a ronin (or samurai without a master) constantly wanders around searching...(for direction or a new master). see how spencer arrives with just a bag at the airport. this shows his lack of a settled lifestyle and such. this la trip was important in that it tests his relationship with friends he has left at home and people he has known there. the constant way in which he interacts with other ex-boxers and ex-strongmen displays a system of honor (or samurai, whatever) which is generally hard to grasp unless you see or read a lot of these stories. i admit that these stories are more male gender inclined but to see it in just that perspective, you lose what mr. parker is trying to convey about spencer and his world.

Kurzbeschreibung TV reporter Candy Sloan has eyes the color of cornflowers and legs that stretch all the way to heaven. She also has somebody threatening to rearrange her lovely face if she keeps on snooping into charges of Hollywood racketeering. Spenser's job is to keep Candy healthy until she breaks the biggest story of her career. But her star witness has just bowed out with three bullets in his chest, two tough guys have doubled up to test Spenser's skill with his fists, and Candy is about to use her own sweet body as live bait in a deadly romantic game--a game that may cost Spenser his life. From the Paperback edition. Pressestimmen "The best new private eye in fiction since Raymond Chandler." -- Dan Wakefield "As tough as they come and spiked with a touch of real class." -- Kirkus "Tough, wisecracking, unafraid, lonely, unexpectedly literate--an many respects the very exemplar of the species."-- The New York Times "Spenser gives the tribe of hard-boiled wonders a new vitality and complexity."-- Chicago Sun-Times Kurzbeschreibung TV reporter Candy Sloan has eyes the color of cornflowers and legs that stretch all the way to heaven.
