viscount who stole my heart  
Von Bonnie Gilbert  
When Devon and Leah first met they felt a connection that they had never felt before, but when they realized that their families were enemies they vowed to hate each other forever. After several weeks of avoiding each other, Devon sought Leah out with a plan to seduce her. But he fell in love instead. Unable to marry due to the family quarrel and a devastating duel, Devon leaves London and Leah behind. Leah is distraught and throws herself at other men. After she becomes pregnant she leaves London to live a life as a pauper. A chance meeting brings the two lovers back together on the date of her son's birth. After Devon helps to birth her child he immediately falls in love with her son. He marries her and claims her child for his own. Although both love each other, neither will allow themselves to acknowledge that love. The past haunts them. Devon brings his new wife and son home to meet his family that he hasn't seen in over a year. They are outraged that he would marry the daughter of their sworn enemy. I loved this book, I truly did. Especially Devon, the viscount who stole my heart. If you're a lover of regency and you love a hero who will melt your heart, this is the book for you. I can't wait to read all past novels by Cathy Maxwell.

Von L. Ponder  
Leah and Devon (Viscount Huxhold) fall in love at first sight. Unfortunately, their families are enemies; and Leah spurns Devon. A chance meeting brings them together again. The best part of this book, for me, were the initial meetings of Devon and Leah. I found their comings together, passionate, entertaining and believable. I felt their pain when their circumstances separated them. However, when Devon happens upon Leah "where" he does, and "when" he does...it's too much coincidence for me. Devon has a secret/secrets and Leah has a child. Besides these situations, there's the families' feuds. And, then an "old" secret is revealed. For me, there were too many problems, too many obstacles, too easily solved. I expected a more tumultuous read, a more passionate romance. Instead, it seemed a comfortable read with two pleasing leads. Even the love scene(s) seemed comfortable. I'm afraid I like a little more--passion?

Von Rebecca Goodwin  
Leah and Devon seemed so real to me. When Leah was having her baby, I felt every one of her pains, and then all her joys. Mostly, it was the uncertainty she felt about her future, yet her determination to succeed despite everything that seemed so real to me. It's been so rare lately that I can pick up a book and lose myself in the story. I really cared a lot about the people in this book. I don't know if it's the way they were written that brought everyone so much to life, or if the story was just so good that I was able to lose myself in it. Or a combination of both. All I can say is I hope I find a husband someday that will love me and care about me as much as Devon loved Leah. Their feelings for each other were so strong. It was as if they were real people. I've read several books by Cathy Maxwell and have liked them all. This one is very, very special.

Kurzbeschreibung  
Leah Carrollton had dreams of meeting and marrying the perfect man. Then a scandalous affair ended in abandonment, and she left London rather than face her disgrace. With no one to turn to, Leah ran away to the country. Abruptly Devon Marshall, Viscount Huxhold, strides into her life, enveloping her in his strong embrace and offering her a chance to recapture what she'd lost. Heir to one of England's most honorable titles, Devon has spent his life breaking the rules and giving Leah and her fatherless child his name is just one more way to flaunt convention. But Devon discovers Leah tantalizes him as no other woman ever has, making him long for all the sweet bliss that marriage has to offer. But can a marriage made in scandal become a happily-ever-after affair?

But Devon discovers Leah tantalizes him as no other woman ever has, making him long for all the sweet bliss that marriage has to offer. But can a marriage made in scandal become a happily-ever-after affair?

deTo most eyes Leah Carrollton might appear the dutiful debutante, but it takes Devon Marshall less than a minute to feel the enormous pull of a kindred, rebellious soul. At their first meeting, Devon and Leah are about to acknowledge the amazing connection between them when her brother steps in and clarifies their identities. As members of the rival Carrollton and Marshall families, the two can never mix. However, Devon has never met a woman he couldn't seduce, and a bet--with a bit of bravado mixed in--leads him straight to Leah and a scandal that turns the ton upside down. With a fast-moving story line, strong plot twists, and a good dose of drama, Cathy Maxwell

brings a fresh take to the regency genre. Devon has depth beyond that of the usual romance rake, and Leah is neither the stereotypical naive waif nor the spunky but idiotic go-getter. Their realistic character flaws and mature reactions make Leah and Devon a couple you can truly root for. Keep an eye out for future works by Cathy Maxwell. --Nancy R.E. O'Brien.com
