**Von Ella Broussard : A Secret Place (Black Lace)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Secret Place (Black Lace):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Ho-

HumVon Ein KundeAfter reading the previous reviews, I decided to order this book, but was very disappointed. The story primarily consists of a not-particularly likeable heroine having sex with just about every man she meets. Very little time is spent on characterization, and there is almost no buildup of sexual tension. The sex itself is light on details and relatively unimaginative. If you like your stories with a lame plot, shallow characters, and lots of white-bread sex, this book is for you! (But not for me.)0 von 0 Kunden fanden die folgende Rezension hilfreich. well written, and very, very rude!  
Von Ein KundeI loved her other two books - this ones another winner. The plot is about a bunch of young and extremely horny people making a film, and has so many different and very sexy scenes. Had a great time with my boyfriend reading this one - though sometimes we had to break off!!!! I guess you can figure out why!! And we're going to go to Dorsetshire, UK to check out that Cerne Abas Giant sometime!!0 von 0 Kunden fanden die folgende Rezension hilfreich. Go Ella Go!  
Von Ein KundeThis is among my favorite 3 Black LAce Books. There is one scene I still like to re-read on occasion, and I rarely get off on the same passage twice. I envy the good-times the main character has with so many different people, and the frequent setting changes make for good atmosphere.

KurzbeschreibungMaddie is a busy girl with a dream job - location scout for a film company. When she's double-booked to work on two features at once, she needs to manage her time very carefully. Both films are to be made in the English countryside during a long hot summer. Luckily, there's no shortage of fit young men, in both film crews, who are willing to help. She also makes friends with the locals, including a horny young farmer and a particularly handy mechanic. The only person she's not getting on with is Hugh, the director of one of the movies. Is that because sexual tension between them has reached breaking point?
