**Von Laurence Sterne : A Sentimental Journey Through France and Italy (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Sentimental Journey Through France and Italy (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. The amorous adventures of a gentleman in 18th century France Von Ein Kunde This autobiographical account by Sterne of his amorous progress through France and Northern Italy is surely one of the most delightful books ever written.

Composed as he lay dying of tuberculosis, the book nonetheless encaptures the author's renowned zest for life as well as the libertine spirit of the age in which he lived. The journey down through France to Northern Italy is the perfect vehicle for an excursion into the nature of human sensibility, and from the moment that this cultured Anglo-Irish cleric sets foot in Calais, the reader is treated to a series of exquisite encounters with the fairer sex. Rarely has an author transmitted so well his understanding of the psychological complexity of women, or the pleasure he takes in their company. Engaging, perceptive and witty, this is a book which cannot fail to leave an imprint on the imagination.0 von 0 Kunden fanden die folgende Rezension hilfreich. Brilliant. Absolutely hilarious satireVon Ein KundeSterne befuddles and delights readers and critics alike in *A Sentimental Journey*. He takes the fashionable travel log of the time and satirizes it. Contemporary critics had a fit over its supposedly bawdy nature, yet some modern readers may overlook its subtle innuendo. The form of the novel is quite unlike anything that had preceded it, thus is important for any scholars. Most importantly, however, the book is funny and fun to read.1 von 3 Kunden fanden die folgende Rezension hilfreich. Not as much fun as "*Tristram Shandy*", but still good to readVon Ein KundePeople who have enjoyed "*Tristram Shandy*" may also like this book. Meet Parson Yorick and follow him through his adventures in England and France, as the title suggests. You'll not only have some good laughs, but you'll also learn interesting little tidbits about 18th century popular culture (for example, that "fan tourism" is not a phenomenon of this era).A good-to-read short little book for a rainy weekend!
