Von Jennifer O'Donnell : A Simple Proposition (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Simple Proposition (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. a simple propositionVon Volker Barthich habe diese story verschlungen, aus meiner sicht eine gut gemachte, sehr erotische

geschichte, von der man sich eine fortsetzung wnscht.

Kurzbeschreibung** Warming - this is Erotica **As a woman, I found this book very titillating! A husband wanting to carry out some previously secret sex fantasies with his wife convinces her to try more and more intimate sex activity with other men for him to observe. Both of them become interested in going farther into this world which they do regardless of doubts and concerns for their marriage. This is not just an erotic story, it is suspenseful, well-written, and slow to build, keeping the erotic development fairly slow and thus increasing the anticipation. I would definitely recommend it to women who enjoy erotica and possibly to men who enjoy this type of sex involvement. Description: Pam, the main character, is married to Steve, who decides to confess his sex fantasies to her. Although neither of them are sure that they should begin to carry out these fantasies, they do. Pam finds that instead of just pleasing her husband by performing for him, she begins to find the kinky sex her husband wants her to have with other men beginning to turn her on, too. After each round of playing out a sex fantasy, both Pam and Steve proceed to greater levels. The doubts both have about carrying out these higher levels of Pams intimacy with other men contributes to a sense of anticipation for the reader who will be anxious to see what happens next. The story builds slowly leading to anticipation and wondering about the next chapter in the story. Although written primarily for women, men who are into sex fantasies will also enjoy the book.
