Kurzbeschreibung Spartan Love: Book One The Epics of Apollo's Men Alone, Andreas toils on a remote farmstead for a Spartan overlord. When a kryptes enters his world, Andreas fears for his life. The dread warriors stalk and kill helots like Andreas' father as part of their training. Andreas sees only one way to save himself: he must tame the fearsome warrior. But what began as self-preservation develops into attraction. Yearning for the company of someone other than his ferret, Ictis, Andreas decides to trust the Spartan warrior and risk the fate that claimed his father. Born to rule by the sword, Theron sees the world as his and acts accordingly, taking everything Andreas offers and reaching for more. However, love between men in Sparta is considered shameful and requires either exile or suicide to redeem Sparta's honor. Now, only the gods can save them from the terrible price Sparta extracts from men who desire other men.
