halbe Miete Von gauss Vorsicht, dies ist die UK-Ausgabe und umfasst nur die Hälfte von "Storm of Swords". Das hier ist die zweite Hälfte. A Storm of Swords, Part 2: Blood and Gold. Wer das nicht will, soll lieber gleich eine Ausgabe bestellen, die beide Hälften enthält, zum Beispiel die hier: A Storm of Swords: Book Three of A Song of Ice and Fire. Was den Inhalt angeht, habe ich zu den Vorgängerrezensionen eigentlich nichts hinzuzufügen. 0 von 0 Kunden fanden die folgende Rezension hilfreich. 30 Nights Insomniac Reviews Von Jill B First things first: This book was missing an ending. Obviously that's because A Storm of Swords: Steel and Snow is merely the first part of the third book in the series. As far as I can tell right now, though, the cut was done at a very appropriate point, dramatic enough it certainly was. It's no secret that I don't like the chapters about Jon and the Night's Watch. I find them boring, honestly. And in retrospect, I think there were quite a few chapters like that. So much so, that halfway through I quit the book for a few weeks. This is not a book that can always be read lightly. At a lot of points during the course of the novel, I had to raise my eyes, blink a few times and just go: "What?" because I was honestly startled/shocked/disgusted (sometimes at the same time) at what was currently happening in the book. A few times I was gaping at some character's strength, blushed at embarrassments or felt true heartbreak at a funeral. Even the minor characters got a lot of love from me, because I think Martin has a real gift for creating characters that seem so real you feel like you can almost touch them. As it happens, you have to bury them quite often as well ... A few things that are specific to this book only and not the entire series: I was not expecting what happened to Sansa. I mean ... it was hinted at, but I thought something or other would prevent it. But it really happened, and I'm still shocked. It did show a lot of goodness in another character, though. The Lannisters are still my favorite House in the series. Even though most of them are truly evil. My support for Jamie is growing! Poor, poor thing! Am I the only one thoroughly enjoying every scene Brienne is in? I don't know why, but I think the scene where Jamie and she (or is it "Jamie and her"? Foreigner here, please bear with my English!) are naked in the same bathtub was downright hilarious, no matter the serious conversation. I just had this picture in my head! In conclusion: If you have not yet started this series, you definitely should. You do need patience and a lot of time. A lot of time, a lot lot lot of time. Because for whatever reason it always takes me a long time to finish a book in this series. But it's just sooo good! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Mein bisher liebstes Buch der Reihe, warte schon gespannt auf Teil 2 :) Von epiphania Zuerst einmal zum Inhalt: dieses Buch ist das, welches meiner Meinung nach bisher am meisten "Action" enthält. Es passiert ziemlich viel und diesmal war auch kein Charakter dabei, dessen Story mich komplett langweilte (wie im vorherigen Buch z.B. Bran). Ich konnte es teilweise nicht mehr aus den Händen legen - der zweite Teil ist schon bestellt und sollte hoffentlich bald ankommen! Nun zum "Technischen": Auch wenn das hier die britische Ausgabe ist, finde ich sie dennoch besser als die amerikanische, da einfach die Verarbeitung der Seiten viel schöner ist. Auch die Schrift ist größer und daher für meine Augen leichter zu lesen (vor allem wichtig, da ich auch morgens und abends in der U-Bahn/Bus lese). An zwei oder drei Stellen schienen einige kleine Tippfehler zu sein insofern, dass ein oder zwei Leerstellen vergessen wurden und die Wörter so zusammen geschrieben waren. Ich weiß allerdings nicht, ob es in der amerikanischen Version genauso ist. Alles in allem ein Hammer Buch!

Kurzbeschreibung HBOs hit series A GAME OF THRONES is based on George R R Martins internationally bestselling series A SONG OF ICE AND FIRE, the greatest fantasy epic of the modern age. A STORM OF SWORDS: STEEL AND SNOW is the FIRST part of the third volume in the series. Winter approaches Westeros like an angry beast. The Seven Kingdoms are divided by revolt and blood feud. In the northern wastes, a horde of hungry, savage people steeped in the dark magic of the wilderness is poised to invade the Kingdom of the North where Robb Stark wears his new-forged crown. And Robb's defences are ranged against the South, the land of the cunning and cruel Lannisters, who have his younger sisters in their power. Throughout Westeros, the war for the Iron Throne rages more fiercely than ever, but if the Wall is breached, no king will live to claim it. Pressestimmen `Colossal, staggering...
