it has lots of action scenes. I thought it was going to be a boring book when my teacher started reading it but then it turned out to be great! It is about a boy named Robbie who lives in the Shetland Islands. One dark and stormy night a man named Finn Learson nearly falls into Robbie's house. He says that he had been a survivor of a ship, The Burden that had been wrecked from the storm. Everyone on the island thinks that Finn is a perfectly fine young man, but Robbie is suspicious. Many mysterious things happen to Robbie and his family later, but to find out what they are read this book. If you love action and mystery you will adore this book. It's suspenseful and scary in some parts. Once you get started reading this book you can't put it down. I really recommend A Stranger Came Ashore if you are looking for an action filled book to read. I warn you if you don't have a lot of time to read don't read this book, because you might come to an exciting part and no longer be able to read. This book is full of suspense and when your reading it is not fun to have to stop when someone is hanging off a bridge and a boat is coming. This a wonderful book full of figurative language and interesting words. I think you should go on down to your local library or book store and check out or buy A Stranger Came Ashore by Mollie Hunter.0 von 0 Kunden fanden die folgende Rezension hilfreich. One of the best books I've ever read.Von Ein KundeA Stranger Came AshoreA Stranger Came Ashore is a mysterious book. It has lots of action scenes, and it is a great mystery book. It takes place in the Shetland Islands off the coast of Scotland. I thought it was going to be a boring book when we started reading it, but when we got further into it, the book turned out to be amazing. It held my attention all the way through. It is about a young boy named Robbie and his sister Janet. A stranger came to the island on a dark and stormy night. He gave his name as Finn Learson. His eye is caught by Elspeth, a beautiful young woman with long blonde hair. He begins to court her, while her boyfriend Nicol is courting her as well. Robbie doesn't want Elspeth to marry him, so he goes to the school master, Yarl Corbie(who is believed to practice magic)for help. Yarl Corbie promises to help Robbie if Robbie promises not to tell anyone that Yarl Corbie is helping him. Robbie thinks that Finn Learson is The Great Selkie. This book is a very powerful and suspenseful novel. The end is very suspenseful. To find out what happens you'll have to read the book yourself.0 von 0 Kunden fanden die folgende Rezension hilfreich. A Five star Book!Von Ein Kunde12 / 2 / 98 Stranger Came Ashore A Five Star Book!!! Our class just finished the book A Stranger Came Ashore. It was a terrific book. That is why I rated the book 1-5 and then gave it a five. The reason I did that was... Personally I love books with adventure, frightening moments, and the type of books that you can't close it it is so good. This book had all of those qualities. I looked forward every day to reading it, because Mrs. Carter always stopped at a really interesting part of the story. One thing that really appealed to me was Old Da dying. Why I can't really say. Well, it made the story more interesting because, if Old Da hadn't died the story would have just have ended there. it would have because Old Da new that Finnlearson was a sulky. Also I liked that the book showed that kinds can make a big difference and are not wimps. One thing that I think should have changed is the way the book ended. It's not because i didn't like, it just was to dull. i really enjoyed the book. and I know that other kids of any age would to.- A Reader from West Newbury
