His book develops story very quickly so I'm always surprised the development and enjoy how it develops.All of his books are interesting very much and this time, I recommend one of them tytled "A Stranger in the Mirror".This story is written about inside Hollywood. We are all longing to stand the wonderful stage

of Hollywood among the beautiful lights and many audiences. But, it is a steep way to realize our dream. This story tells us that how mean and ruthless inside the beautiful Hollywood through the life of a young comedian and a young actress who dreamed to succeed in Hollywood. At first, they were full of hope but then they realized what a ruthless way we had to go to stand the Hollywood stage. To the goal, they did anything, sometime they betray their friends and lovers, sometime they use their sex. But the things they got in consequence of those ruthless behavior is neither eternal success nor happy life but only destruction of themselves. Through this story, we can get how man is stupid. Anyway, please read once. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Keeps you interested Von Ein Kunde I don't read everything Sidney Sheldon writes, but I've read several of his books. He knows how to write fast-paced and interesting stories. No, they aren't classics, but must everything be? This is not the best of his books which I have read, but it kept me entertained. I wish the ending had been happier. One quibble: The scene in the pool where Josephine/Jill is embarrassed--OH PLEASE! It does not happen like that! If it did, taking a bath would be quite a messy experience! I mean, Josephine should have been rushed to a hospital! But Sheldon is a man, so he hasn't a clue about that. That scene--which is somewhat significant to the general story--does not ring true. In any case, it's an entertaining book and an easy read. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Great! Von Ein Kunde Fast-paced and action filled. The more I read, the more excited I become with every page. Sheldon never fails to mislead the reader into thinking one thing and revealing something else in the end.
