Baka and Heaven as I was expecting but this is in no way detrimental to the story. Instead, you are taken back to Baka's life from childhood, through him being a vampire right up to the current day. In this was, you learn more about Heaven and who she is and what her gift is. You also get the chance to catch up on "old" favourites and enjoy as they all intermingle with each other. Definitely one of the best series I've read in a while. Can't wait for Book 4!
