**Von Judith Michael : A Tangled Web (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Tangled Web (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Passion, Intrigue, Exotic LocationsVon Ein KundeA Tangled Web gives us an extended view into the lives of Stephanie, Sabrina and Garth. The authors continue with the wonderful character development of twins, Stephanie and Sabrina,

who switched places in the first novel, *Deceptions*. This time, we visit the lovely south of France to learn about Stephanie's struggles with amnesia (yes, another soap opera plot, but well-written). The theme again is how strong the bond between twins can be. The romance between Sabrina and Garth, now husband and wife, is Judith Michael's ode to marriage. The children, Penny and Cliff, complete the domestic scene. There is intrigue on the international scale as Stephanie and Max hide from black market hit men and at the more local level in the scientific community as Garth and Sabrina fight to protect Garth's position as a researcher. Worth the read for descriptions of Provence and character sketches of a fictional European elite, *A Tangled Web* is a good sequel to *Deceptions* for those who wanted to share more time with Sabrina and Garth.

1 von 1 Kunden fanden die folgende Rezension hilfreich. Like *Deceptions* - absolutely un-put-downable! Von Ein Kunde I love this book (actually in the middle of it) and like the sequel seems just as good as the first book "*Deceptions*". Its totally addictive reading and I can't wait for lunchtime so I can read some more and then in the evenings I have done nothing else apart from reading it. This is NOT a trashy novel, the authors have sat down and spun a captivating story with so many threads that weave together to make the whole. Absolutely wonderful!

0 von 0 Kunden fanden die folgende Rezension hilfreich. Sequel to "*Deceptions*" aka "*Die Zwillingschwester*" Von C. Mathieu I read the German translation of "*Deceptions*" some two decades ago, but was not too thrilled. Then I watched the movie with Stephanie Powers and really got into it. A few years ago I found out that there is a sequel which never has been translated into German (this is so typical for German publishing houses, they wet your appetite with translating volume 1 and then they don't translate any sequels), so I ordered "*A Tangled Web*" from .com and absolutely loved it. Still could not figure out why most people like "*Deceptions*" better than the sequel. Recently I reread all reviews from "*Deceptions*" and finally found out that the German translation is not complete, some 70 pages are missing (why???) So I got the American version of the book and for the first time enjoyed the entire text and it's soooo much better than the German translation. Both books together have 880 pages, but the time spent for reading was well spent. I will reread these two books in a few years. I wish Judith Michael would write another sequel!

Kurzbeschreibung Glamorous, divorced Sabrina and her quiet homemaker sister Stephanie never dreamed that their light-hearted game of switching places for a week would end in passion and tragedy. But Sabrina fell in love with her sister's husband, cherishing their children as her own -- and Stephanie, in the midst of an affair with a powerful London socialite, was killed in an explosion on his yacht. Torn by loss and remorse, but deeply a part of her new family, Sabrina made the decision to assume her twin's role forever. When *A Tangled Web* opens a year later, only one person knows Sabrina's true identity -- her husband, Garth. Deeply in love, he has forgiven her for her deception. Then a friend swears to have seen Stephanie in Europe. Sabrina feels the past and present collide, threatening to shatter her new happiness. Is her sister really dead? Or is the deception even deeper, darker, and more complicated than she ever imagined?

Pressestimmen "Library Journal" Even without having read "*Deceptions*," readers will relish this intriguing story. Michael fans will be clamoring for this one. Chris Chase "Cosmopolitan" ...Beautiful identical twin sisters, mistaken identity, amnesia, murder, redemption through love...and a neat, twisty plot. Marcia Froelke Coburn "Chicago" *Deceptions* [was] the story of beautiful twin sisters who trade lives... "*A Tangled Web*" picks up where "*Deceptions*" ended, revealing the consequences of that tradeoff...sizzling.
