TwoAuthor: Annie NicholasReviewer: Stephanie Jordan#Paranormal #WolfShifter #VampireI have to admit I was a little leary to read this book at first, I mean really aParanormal Boot Camp!!! I sure am glad I did, this book was phenomenal. It was like I was there doing drills. I do recommend reading Vanguard Elite Book #1, though you can read book #2 as a stand alone, you get all the characters and reasoning for Boot Camp with a lot information you don't realize when reading until the next book says something than you go, oh yah!! Going to Boot Camp to be drilled by Pallus who is a Vampire, boy is he a drill Sergeant of course his rules are stricked.Julia pack was from the old ways, forcing her into positions that she didn't want. Seeing a letter for Boot Camp was ideal for her to escape too.Darrell was a geek when it came to weaponry, yes that was his forte. Darrell wanted to be good in everything so he could take care of the Pack since Ian and Clare were the Alpha's. He saw what he wanted and she was beautiful. .. I was gifted this ARC for an honest and truthful review.
