**Von Connie Mason : A Taste of Sin (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Taste of Sin (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good read but not a great oneVon Ein KundeIn 1747 in the Scottish Highlands, an outraged fourteen-year old St. John "Sinjun" Thornton is forced to marry seven-year old hellion Christy MacDonald. Neither child wants nor agrees to these nuptials, but clan needs require their marriage so the vows are exchanged anyway.By 1762, Sinjun is better

known as Lord Sin for his wild womanizing ways. He has not seen his bride since she kicked him at the altar fifteen years ago. Christy relishes her marriage because she is able to run the clan without the interference of a spouse. That changes when another chieftain Calum demands she annul her vows and marry him. Instead, of succumbing to Calum's pressure, Christy, masquerading as Flora, finds her spouse and seduces him in order to become pregnant with an heir. However, Flora and Lord Sin fall in love, but how will he react when he learns about the ruse his own wife pulled off on him? A TASTE OF SIN is an entertaining historical romance that takes readers on a wild twisting ride through mid-eighteenth century Scotland. The lead couple is a finely developed duo whose lovemaking heats the pages. The supporting characters provide the depth and intrigue that bring out the period. Best-selling author Connie Mason opens her new series with a passionate exciting Highlander romance. Harriet Klausner 0 von 0 Kunden fanden die folgende Rezension hilfreich. Could have been much better Von pontmarie I started out liking this book. Sinjun and Christy are married off against their wills, but thankfully, it's a marriage in name only. Years later he's known for bedding whatever's available and she wants to have his child, since it will mean that odious clansman Colum won't try to have her marriage annulled so he can have her to himself. Christy assumes a fake identity and seduces Sinjun, when she eventually leaves, he is distraught and then he finds out that, hey, his wife in Scotland is pregnant! The plot was intriguing, but Sinjun was pretty much nothing without Christy, and that's not romantic. All he did was drink and waste away, and that's not attractive. And all Christy did was lie over and over, and that was most cruel. The endless love scenes are more repetitive than anything and all in all, not a book I enjoyed. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Pleasant but lacking Von Kindle Customer I love romance novels, and read four or five a week. While Mason's previous works have all been good reads, I found the immaturity of this heroine very hard to stomach. Sinjun was also less well-developed than I would have liked. The secondary characters were much more interesting. This is not to say that I am sorry I read the book... Mason has real talent, and gave me some very good moments. I just wished there had been more of them. Could the romance writers out there please offer a few more characters like Anne... instead of these infantile females paired with men a decade older? Oh for another lead character like the one in Roberta Gellis' "A Woman's Estate"!

**Kurzbeschreibung** Lady Christy Macdonald had been ordered to marry St. John Thornton when she was a mere child. But her wedding day was the last time the spirited Scottish beauty had set eyes on her English bridegroom, who has become the notorious rake they call Lord Sin. Now she is a woman, and under pressure to end her sham marriage in order to wed the Cameron chieftain, Yet fiery, independent Christy wants a new groom even less that she wanted the first. So she hatches a plan to secure an heir and deter a suitor by seducing the infamous Sin. Come hell or high water, Lady Christy would have her long-awaited wedding night at last. But first she had to seduce the dashing rogue who has claimed her as bride--in name only!
