Von Vox Day : A Throne of Bones (Arts of Dark and Light Book 1) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Throne of Bones (Arts of Dark and Light Book 1) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. The real stuff Von Marty Robinson I have made the sad puppies list my reading list and I have been well rewarded. This is the

real stuff the good stuff, stuff like I used to read growing up. No more volumes of substandard drivel propped up by the dishonest votes of social justice warriors for me, I am free to enjoy what it's really good.

KurzbeschreibungIn Selenoth, the race of Man is on the ascendant. The ancient dragons sleep. The ghastly Witchkings are no more; their evil power destroyed by the courage of Men and the fearsome magic of the Elves. The Dwarves have retreated to the kingdoms of the Underdeep, the trolls hide in their mountains, and even the savage orc tribes have learned to dread the iron discipline of Amorr's mighty legions. But after four hundred years of mutual suspicion, the rivalry between two of the Houses Martial that rule the Amorran Senate threatens to turn violent, and unrest sparks rebellion throughout the imperial provinces. In the north, the barbarian reavers who have long plagued the coasts of the White Sea unexpectedly plead for the royal protection of the King of Savondir, as they flee a vicious race of wolf-demons who have invaded their islands. And in the distant east, the war drums echo throughout the mountains as orcs and goblins gather in vast numbers, summoned by their bestial gods.Epic fantasy at its deepest and most gripping, A THRONE OF BONES is Book I in the ARTS OF DARK AND LIGHT.
