Von Laura Morrigan : A Tiger's Tale (A Call of the Wilde Mystery) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Tiger's Tale (A Call of the Wilde Mystery):

and the other reviews give you a good idea of what the book is about, so Ill just tell you what I liked about this story. What I liked: The mystery is well-thought-out and kept me guessing. More than one crime is committed, and the connections between the different crimes are never obvious. Figuring out how everything comes together was very enjoyable. I very much enjoyed the animals in the book. They have distinct personalities and always managed to make me smile. I was a little disappointed that Kais cat didnt make an appearance; she was absolutely hilarious in the first book. There was some great humor. Several scenes had me laughing. Its a nice and friendly kind of humor, too. Grace finds herself in some embarrassing situations, but the humor never comes across as cruel or cringeworthy. What I didnt like: There are a few scenes toward the beginning of the book where Graces behavior towards her boyfriend is rather unkind. Her reactions make sense considering her character and history, but she comes across as a little irrational. She definitely overreacts. It took me a while after that to warm up to her. This is a very minor quibble, though. Most of the time she is a very likable (though socially awkward) character. Conclusion: This is one of my favorite mystery series at the moment. The characters are likable, the mystery engrossing, and the humor puts a smile on my face. I can recommend it to anyone who enjoys cozy mysteries.
