Von Zeec Lugo : A Time For Love: Book 3 of Daniel's Fork series (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Time For Love: Book 3 of Daniel's Fork series (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A solid five stars!Von CJ RutherfordI received this book in return for an honest and constructive review.A time for love picks up right at the end of Daniels Fork, putting the story to bed in style. I loved DF, so much so that when I was asked to review this I snapped the authors hand off.All the characters from the first book are here, but Zeec does an amazing

job of granting insight into their lives, and further developing them and their relationships. It has something for everyone, as long as you are mature and open minded. As usual with her books, the sex scenes are the best Ive ever read, but its the bond between the characters which makes them even better. In DF, I actually didnt like Will Evers, but by the time I finished this novella, I found myself admiring him immensely. This is the perfect ending to what was an amazing first book. A solid five stars!

Kurzbeschreibung This work picks up immediately where Daniel's Fork left off. Will Evers accepted a plum job as Lord of Daniel's Fork, only to be plunged into a web of murder and deceit as soon as he arrived. Now that the murderer is dead, Susanna is free to love. Will she catch the handsome, daring lord who saved her? Jonas is determined to seduce Eric, but Eric is not easily caught. Carlos is attracted to another woman as his relationship with Gabby is shaky. Lord Evers himself is becoming ever more entrenched in the life of the healer, and beginning to see the 'other woman' in her. In the aftermath of murder and mayhem, love and lust take center stage at Daniel's Fork.

den Autor und weitere Mitwirkende Zeec Lugo was born in Puerto Rico, grew up in Brooklyn, and lived in many places. She spent seven years in the U.S. Air force, taught for many years in Miami, and even spent a year working for the IRS. Her early love was reading. The worlds of Pern, Middle-earth, St. Mary Mead, and Shrewsbury Abbey had an incredible influence and hold on her imagination. She wrote her first novel, Daniels Fork, in two months, spending long hours at her task. During that time, she ensconced herself in her bedroom with her computer, barely coming out to grab a cup of coffee or a snack. One day, her nearest neighbor came desperately knocking at her bedroom window, afraid that Zeec might be dead; no one had seen her for days! Daniels Fork was meant to be the first book in a romantic trilogy. Little did Zeec know that stories have a way of going where they want to go. Daniels Fork turned out to be a journey to the future past! It is a sexy mystery set in the future, giving birth to a fictional universe: the Daniels Fork universe.
