**Von Louise Bay : A Week in New York (The Empire State Series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Week in New York (The Empire State Series Book 1) (English Edition):

novellas I knew it might not end with happily ever after yet, but I really wanted it to. It is odd since most of the story is sexy time, but I wanted these two to be together forever. So good job to the author for making me really care about the characters so much in such a short amount of time. Ethan is a workaholic who doesn't want a relationship. He has never had a girlfriend and he wants nothing to do with one. He has rules like no sleeping over, no taking a girl back to his place, no exchanging phone numbers, etc. He has sex and that is it. No more. He is upfront about that with the women he sleeps with, but that doesn't always mean they don't want more. Anna is in New York for a week with a friend after her last boyfriend disaster. She doesn't seem to pick good guy and she is tired of being disappointed. She has decided no more men, at least for now. She just cannot do it all again. Then she meet Ethan and she tells him this is only sex. No relationship, no feelings, no promises that get broken, nothing like that. It seems perfect for them. Of course the one night no strings turns into one week no string attached. The more they spend time together the more they like the other person. Only problem is Anna lives in London, Ethan in New York. A relationship would never work between them. This was a fun read. Yes it is a lot of sexy time, but as I said before I really want these characters to be together forever. I want their happily ever after! The end of this part is a little open so I need to go read part two now to see what happens! Die Story ist vorhersehbar und hat mich leider nicht gefesselt, die Protagonisten Anna und Ethan sind total farblos und habe auch keine Chemie zwischen den Beiden gespürt. Werde auch nicht weiter lesen. Hätte normalerweise 2,5 bis 3 Sterne vergeben, da ich diesen Teil fertig gelesen habe, aber mich regert, dass diese Story im Klappentext mit SoG und Crossfire verglichen wird, und da besteht ein himmelweiter Unterschied, es werden Erwartungen geweckt, die nicht erfüllt werden.

Kurzbeschreibung USA Today bestselling series.
