Great Von Katharina It was a pleasure as always to read about Michelle's adventures. The story continues but goes not always in the direction one might think - that's good, as one is not bored because he guessed the story beforehand. I'm impressed about the action. The fights, spelling and movements really have improved in comparison to the first

books. I like Elron but I think he behaves too much like a husband after a lot of years... I don't think it is okay that he talks for Michelle (at the last part of the book). I can't shake of the feeling that she is not capable to speak up for herself but actually she does that all the time but not then... Okay, maybe she is tired and all but it feels wrong that he speaks for her in that case... That is why I gave 4/5 stars. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Hooked, as usual. Von Alexandra Where to begin? I don't think I know of any writer who has SO MUCH detail in her book. And normally that drives me crazy, but here it just draws you more into the story. I was able to read books 3 & 4 right after each other, lovely! I really like these books. It's never boring with Michelle. There are a few things that makes me wonder. The relationship between Michelle and Elron. Are they a celebrate couple? What is going on there? And why is the mom sch a naaaagggggggggg. OMG if that were my mom we would most likely no longer be on speaking terms. ;) And the phonecall from best friend was kind of weird. Other then that I enjoyed!!! Keep them coming Miss Conneely

Kurzbeschreibung Michelle has been figuring out what her life is like now that the demon has been killed, and Sylvia and Varro are dead. Even the clans of witches trying to attract her to their way of life have backed off and given her a chance to grieve. Her relationship with Elron is stronger than ever, but there are things left unsaid. On the way to her parents' wedding, the delicate calm shed been living in is broken. Witches are out for her blood, her family is caught in the crossfire, and friendships are threatened. Work doesnt let up either, and she partners up with Elron to deal with magic gone wild. Michelle finds that her problems are larger than one clan of witches, and is forced to choose between the people she holds dear and the way of life she loves. This is the fourth book in a series, following A Witch's Trial. It is a standalone novel, however, your reading experience will be greatly enhanced if you've read the previous books. Conneely lives in northern Georgia with her dog and a mountain of books. They sweat through the summer and freeze through the winter, and life as they know it comes to an end when so much as a single snowflake falls out of the sky. For fun, N.E. plays with her dog, reads, knits, crochets, paints, and does tie-dyeing and origami. She makes a great pizza and is currently negotiating with her husband about sea monkeys and growing a vegetable garden.
