Nola Leary lived in Boston until her early teens, but when her father died she moved to Kilcairy, Ireland, to live with relatives. Nola, like most in her family, is a witch. She is a medical empathy, able to feel where pain is in another. She is a nurse practitioner and works at her familys clinic. A deathbed promise to her grandmother, Nana Fee, sends Nola on a quest to Half-Moon Hollow, Kentucky, to locate and obtain four items (called Elements) before their rivals, the Kerrigans, could find them. The artifacts had been hidden long ago by Nolas grandfather, Gilbert Wainwright, and should be somewhere in his cluttered bookstore. But Wainwright passed away and, since he never knew that he had a granddaughter, he left the bookstore to a vampire, Jane Jameson. Once Jane knows who Nola is and why she is in town, Jane and her friends begin to help the young witch in her task. Nolas biggest distraction is Jed Trudeau, who is renting the other side of the duplex. The gorgeous man seems to have something against shirts and keeps turning up at the strangest times. But Nolas time is limited. Even with the help of her new supernatural friends, Nola still might not be able to obtain the objects she seeks before the deadline. \*\*\*\*  
FOUR STARS! Molly Harper has a magical gift of her own when it comes to storytelling. The book starts out with sassy wit that foretells how the story will continue: witty, creative, and just plain fun. Some events are predictable, but for the most part, the author has done a great job of inserting surprises. A terrific blend of romance, a magical scavenger hunt, and comedy. \*\*\*\*

Die Geschichte spielt im selben Ort, wie die Vorgngerbande Half Moon Hollow in Kentucky (\*yeehaw\*). Nola Leary (irische Krankenschwester mit Hexenerbe) macht sich auf ins Stdtchen im entfernten Amerika, um vier okkulte Objekte, die wichtig fr den magischen Fortbestand ihrer Familie sind, zurck zu holen. Ihre irische Gromutter hatte sie einst ihrem (bis zu diesem Zeitpunkt fr Nola unbekanntem) amerikanischen Grovater anvertraut, um sie zu schtzen und zu verbergen. Nun ja, soweit ist die Geschichte nix neues, allerdings schafft Molly Harper es die folgende Jagd nach den magischen Gegenstnden witzig und temporeich zu beschreiben, so dass man mit Nola mitfiebert und hofft, dass sie auf ihrer Suche erfolgreich ist. Wren da nicht folgende Komplikationen: 1. Der unbekannte Grovater ist niemand anderes als Gilbert Wainwright, der bereits im ersten Band der Reihe das Zeitliche segnete und darum in weiteren Bnden nur noch als Geist weiterhin mit von der Partie war. Die Objekte sind somit aller Wahrscheinlichkeit nach in Jane Jamesons Buchladen verborgen. Und 2. Ihr neuer Nachbar Jed Trudeau, der sehr offensichtlich eine Allergie gegen Herrenoberbekleidung hat und dadurch seehr konzentrationsstrend ist. Man trifft auf so ziemlich jeden aus den ersten fnf Bchern, was ich prima finde, denn das gibt so ein heimeliges Gefhl und man freut sich alte Bekannte wieder zu treffen. :o) Jedoch treten auch jede Menge neue Protagonisten auf, die man entweder lieben oder hassen wird. Bzw. die eine Hlfte werdet ihr lieben, die andere hassen und keine Sorge das ist auch richtig so. Insgesamt fand ich das Buch einfach nur klasse, ich hab so gelacht, es hat wirklich Spa gemacht es zu lesen. \*zwei Daumen hoch\*

Kurzbeschreibung  
Nola Leary would have been content to stay in Kilcairy, Ireland, healing villagers at her familys clinic with a mix of magic and modern medicine. But a series of ill-timed omens and a deathbed promise to her grandmother have sent her on a quest to Half-Moon Hollow, Kentucky, to secure her familys magical potency for the next generation. Her supernatural task? To unearth four artifacts hidden by her grandfather before a rival magical family beats her to it. Complication One: Her grandfather was Mr. Wainwright and the artifacts are lost somewhere in what is now Jane Jameson's book shop. Complication Two: her new neighbor, Jed Trudeau, who keeps turning up half naked at the strangest times, a distraction Nola doesn't need. And teaming up with a real-life Adonis is as dangerous as it sounds, especially when hes got the face of an angel and the abs of a washboard can Nola complete her mission before falling completely under his spell?
