wildeVon Franziskathis play was never as famous as oscar wilde's the importance of being earnest, but it is just as good. the author has a unique sense of language and many of his famous quotations come from this marvellous play.7 von 25 Kunden fanden die folgende Rezension hilfreich. A bought this Book because i wanted to get "de Profundis"because I heard about oscars fate in school and was very courious about it.But the description was obviously wrong!
