Von Celeste Spettro : Art Criticism (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Art Criticism (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Hat mir gefallenVon B. WissnerAuch von diesem Author hatte ich bislang nichts gelesen, habe den Kauf aber nicht bereut. Die Geschichte war meiner Ansicht nach gut geschrieben, die beiden Hauptcharaktere gut herausgearbeitet, die Erzhlweise

und der Plot frisch. Kaufempfehlung, wenn man an einer Geschichte interessiert ist, die nicht unbedingt den blichen ausgetretenen Pfaden in diesem Genre folgt.

Kurzbeschreibung James has no idea what he's going to do with his art history degree, but for the moment he's managing as a lowly gallery assistant... until he has to deal with an aggravating photographer. Turkish is a lot like his photographs: vapid, popular, and over the top the perfect target for James' snarky criticism, but somehow James is unable to reject the man as easily he rejects his art.
