The BEST Christian authorVon Joan AlcanterI have read almost every book by Lori Wick, the Californians, the Kensington Chronicles, the Rocky Mountain Series, and they are all wonderful. This was a great book!Von KathyI enjoy Lori Wick's books because they are very enchanting- set in interesting time periods and places. They are easy and interesting to read, and have happy endings. This book is no exception. The story is good, the characters are endearing, and Wick shows how important it is to have a forgiving heart. I highly recommend this book- it is one I will want to read again.0 von 0 Kunden fanden die folgende Rezension hilfreich. This series is a must!Von Ein KundeI absolutely loved the California series, and this is my favorite out of the four (they're all excellent, though). This story is particularly charming--there's something about a tale of a handsome young man choosing substance over obvious beauty and then realizing that substance has beauty inside and out!
