:)Von Jasmin SchulzeI received this book in exchange for an honest review.After nothing went as it was planned,
Carter and Vie are back to living in different worlds and Vivian still promised her soul to Lucifer..I simply love Mrs.
Miller's writing style. You start to read and you are sucked right into the story! I never can stop reading :) The way

everything is described makes the characters really loveable and it never fails to convince me, that a character's feelings and thoughts are realistic and genuine. Carter and Vie are both so cute with their beliefs, I just could never stop to wish for their happy end. :) Also we finally get to know all the dark parts about Vie's past and her relations to Carter, Vivian and all the others. However I have to admit I got a little bit bored halfway, since most of the plot was really obvious and sometimes stuff is explained more than one time due to the multiple perspectives Ascended was told from. I always enjoy multiple POV and it's definitely a great addition to a story, but here it was a little bit "overused" to describe the same actions from different people. Overall I loved reading Ascended though and can't wait to read the next book in this series :)

Kurzbeschreibung When Vie and Carter set out to complete their mission, neither could have ever imagined being separated from each other. Vie is feeling completely alone in The Gates, just barely going through the motions. Gabriel, her closest friend, tries to distract her with the news of a possible traitor in their own backyard. While Vie longs to be back on Earth with her love, she knows the danger that this traitor could bring, and sets her mind to drawing them out to protect the people she loves. Carter is left alone on Earth clinging to the empty vessel that used to contain his love, unable to let go and move on. Carter starts putting the events of the past few weeks together and realizes something more is going on. All the while Lucian is working up a plan to keep Vivian's soul and get everything he's always wanted, including revenge against Vie and anyone she's ever loved. With both Vie and Carter working to find out what is going on in their respective worlds and defeat Lucian, will they ever be able to find their way back to each other?
