Kurzbeschreibung From USA Today best selling suspense master Brett Battles comes Ashes, the fourth book in the continuing Project Eden thriller saga. The hammer has fallen. The deadly Sage Flu has been unleashed. The scramble for survival is in full force. Martina Gable and her family escaped to a secluded mountain cabin in hopes of avoiding the death sweeping the desert valley below, but have they gone far enough? Dominic Ray, manager of a tropical, private island resort, has a dream job. The weather, the food, the drinks, the people life couldn't be better. What he didn't expect what no one could have expected was that his good life was about to disappear. In a sea of the sick and dying, Sanjay and Kusum desperately search for a place beyond Mumbai where they and the group they are leading can be safe, and where they can prepare for what the future may bring. Brandon Ash wants nothing more than to be with his father and sister, but there is something waiting for him on a deserted, snow-covered highway. Something that may mean the reunion will never happen. As Daniel Ash, Brandon's father, lies unconscious from the serious wounds he suffered while hunting for his son, his daughter Josie realizes it's up to her to find her brother and bring him home. But the search will be a dangerous one, that will take her far from home. And then there is Project Eden, watching the plague kill as they had planned, even as they prepare to activate the next phase. What will you do to survive? Ashes is best read after completing volumes 1-3 (Sick, Exit 9, and Pale Horse) With over 650 5-star reviews, the Project Eden thriller series is a page-turning addiction. Sick didn't just hook me. It hit me with a devastating uppercut on every primal level as a parent, a father, and a human being. Blake Crouch, author of Runa gem of an outbreak story that unfolds like a thriller movie and never lets up, all the way to the last page. Absolutely my favorite kind of story! John Maberry, New York Times bestselling author not only grabs you by the throat, but by the heart and gut as well, and by the time you finish you feel as if you've just taken a runaway train through dangerous territory. Buy these books now. You won't regret it. Robert Browne, best selling author of Trial Junkies You think Battles was badass before? He just cranked it up to 500 joules. CLEAR! PopCultureNerd.com Brett Battles at his best, a thriller that also chills, with a secret at its core that's almost too scary to be contained within the covers of a book.
