Best Forgotten Realms series!Von Ute HausmannThis is the 5th book of a series and while it is possible to start with this book, I would recommend getting the whole series because it's awesome - and not at all only for die-hard Forgotten Realms fans! On the contrary. The series has everything: a thrilling story arc, very real and believable characters who

develop and grow on the reader with each book, epic love drama, suspense etc. I envy everyone who has not yet read the series because the fun is still ahead of you. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Best forgotten realms series ever. Von Ole Schmidt Seriously, if you want to read a really good fantasy book, get these books. They have everything that makes a fantasy book awesome. This is the newest book in the Brimstone angel series. The characters are done really well and have depth. Due to a greater cast of characters, there are multiple perceptions about the situations in the book and it makes it only better.

Kurzbeschreibung In a direct follow-up to her fourth book in the Brimstone Angels series, *Fire in the Blood*, Erin M. Evans thrusts her signature character Farideh into a fast-paced murder mystery rife with political intrigue. In the wake of the war brought on by the Sundering, Farideh's adopted father Mehen has been called back by the clan that cast him out, and Farideh and Havilar mean to go with him. Just as Mehen confronts the head of his former clan, a clutch of young dragonborn is found in the catacombs, brutally murdered, an infernal summoning circle that looks all-too-familiar to Farideh, nearby.
