a)beruflich erfolgreichen Frauen, die keine Zeit fr Beziehungen haben, aber fr gesellschaftliche Ereignisse einen Begleiter brauchen, b) frisch Geschiedene oder Sitzengelassene, die im Freundeskreis nicht alleine auftauchen wollen, c)lteren Damen, die reden wollen,d) Promnightbegleitung fr das Mauerblmchen.Sex ist nicht im Preis inbegriffen, kann aber im Anschlu dazu gebucht werden.Nach acht Jahren hat Hallen seine Studienschulden getilgt, ein Haus gekauft und sich eine Reputation bei den Damen erworben. Er wird aber immer unzufriedener und mchte gerne wieder malen, schlielich hat er das erfolgreich studiert.In der zweiten Hlfte des Buches begleitet er eine frisch geschiedene Mittvierzigerin zu einer Kunstausstellung und verliebt sich in sie. Er gibt des Escortservice auf und widmet sich seiner Malerei. Laura hat Probleme mit seiner Vergangenheit, die ihnen immer wieder begegnet, er will sich jedoch nicht mit ihr verstecken. So trennen und vershnen sie sich immer wieder, die Autorin beschreibt ausfhrlich die Gewissenskonflikte. Sie beschreibt mit brutaler Offenheit, dass die Umwelt, besonders die Kinder, kein Problem mit der ca. 30 Jahre jngeren Ehefrau des Vaters aber wohl mit dem "nur" 20 Jahre jngeren Freund der Mutter haben.Interessant zu lesen, regt zum Nachdenken ber die Heuchelei von Moralvorstellungen an.0 von 0 Kunden fanden die folgende Rezension hilfreich. Unique beautiful story that will touch your heartVon SelmaJane Harvey-Berrick has once again blown my mind and touched my heart deeply with another unique and beautiful story. At Your Beck Call is an emotional rollercoaster that will most certainly leave you breathless and with a racing heart at times. You will go through ups and downs together with the hero of this story, you will experience his various adventures and become witness of his inner battles and personal development.Hallen Jansen is a gorgeous looking 28 years old man who is successfully working as an escort. In the eyes of others Hallen has it all - a nice house, a great car and he gets paid for having sex with beautiful women. He earns thousands of dollars for his exclusive services. Sounds like a job every young man dreams about, doesn't it? But in reality it's everything but perfect. Hallen is treated like a commodity by most of his customers. He is a piece of meat, a toy, which they can use as they please. Initially he liked his job and enjoyed the perks of this lifestyle. But after seven years he has seen and done enough in this business and wants to retire from it. At that time Hallen makes the acquaintance of Laura - a beautiful and recently divorced woman who is 20 years older than him. For the first time appointments don't feel like work. He truly enjoys Laura's presence and her sharp wit and knowledge of art. She is the first woman to show genuine interest in him - as a person - and hispaintings. Their mutual attraction is evident from their first meeting but both are holding back from acting upon it. Until the day that both decide to finally let loose. Can Hallen convince Laura that he really loves her and that she is the only woman he wants to be with? Will Laura be able to fully accept Hallen's past and give him a chance? Can their relationship survive against all the envy and prejudices? Read this amazing 5 stars book to find it out!During the first 50% of the book I didn't really have a clue where the journey would take me - until Laura showed up. At that moment I fully understood why the first half of the story was such a detailed telling of Hallen's past and especially his adventures as an escort.I loved Hallen so much! From page one till the end. He was an amazing multilayered hero. Hallen is an intelligent and intuitive man. He is a very gifted artist. He has so many talents beside his skills in the bedroom. There is so much more to this beautiful Viking than meets the eye. But Laura was the first one to ever look into his arctic blue eyes and see the real man behind his polished facade with all his fears and insecurities. He was the man who showed her what true love meant and who gave her back her self-esteem. Hallen never got tired of telling Laura how beautiful she was to him and what he felt for her. For him their age difference was never an issue. I enjoyed the honest and sincere love between Hallen and Laura. It was good to read about a younger man falling in love with an older woman. I'm not disgusted by it like some hypocrites. I embrace true love in every form because it doesn't ask for age, gender or race. It's messy sometimes but always worth the fight! This quote I will always remember:"When I look at you, Laura, I look with my heart."Jane Harvey-Berrick has portrayed the escort business in such a brutally honest and convincing way. This job may seem glamorous from the outside but in reality it's hard work that wears you out physically and emotionally.Thank you Jane for another unforgettable reading experience. Your exceptional and captivating writing never ceases to amaze me. I can't wait to read more of your books and to see what you have in tow for us in the future.0 von 0 Kunden fanden die folgende Rezension hilfreich. amawing and uterly captivating!Von silviaOnce yoy start the story you just can't stop. KurzbeschreibungThe shocking and heart breaking story of one man's search for redemption by bestselling romance author Jane Harvey-Berrick"Fascinating, engrossing, exceptionally written.This book overwhelmed me. It took my heart hostage and it did not release it until I felt every single emotion that the characters felt, every heartbreak, every doubt, every self-deprecating thought. A perfectly paced plotline, realistically sculpted characters, a heart-warming romance that managed to touch even the most cynical parts of methis is a story that stayed with me for days after I finished it and even succeeded in shaking some of my most entrenched preconceptions about life, love, age.NATASHA IS A BOOK JUNKIE, 5* REVIEW * * * *Hallen Jansen has it all. It took my heart hostage and it did not release it until I felt every single emotion that the characters felt, every heartbreak, every doubt, every self-deprecating thought. It starts as a rather entertaining chronicle of a man's life as a gigolo, only to realise that the account of Hallen's past only serves to make him more three-dimensional in our eyes and to make us understand him better once Laura enters his life. A perfectly paced plotline, realistically sculpted characters, a heart-warming romance that managed to touch even the most cynical parts of me-this is a story that stayed with me for days after I finished it and even succeeded in shaking some of my most entrenched preconceptions about life, love, age."
