Should I or Shouldn't I?Von Ingrid Stephanie JordanTitle: Augmented: Building a Hero Book 2Author: Tasha BlackReviewed: Stephanie JordanMs. Black continues her Magic again writing the second book of Building a Hero , page after page of sheer inspiration keeps me glued to this story line.Westley Worthington , aka West of Worthington Enterprises, as in Book 1 the lab was blown up and West was worked on by his lab doctor changing not only his bodybut also his

attitude. His assistants, Cordelia Cross, aka Cord, was playing nurse maid. When it started to be more she knew his ways with women and that wasn't for her, YET could she stop, she has to pull away now or lose her heart. West on the other hand realize Cordelia is the love of his life but she was pushing away was it because his body wasn't completely human. In the mean time a lot of other things pop up. And NO I'm not saying any more, you have to read it for yourself. You won't be sorry, than you will be waiting with me for Book 3. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung Some heroes aren't born they're built. Book 2 in the thrilling Building a Hero trilogy from bestseller Tasha Black. See where it all started in Book 1, Reconstructed, on sale now. Taken against his will, Edward Dalton wakes to find himself prisoner to the paramilitary organization that's haunted his dreams since they left him broken and lost all those years ago. Dalton learns he is the only subject from the original experiment to be able to control his horrible new powers and tame the beast they put inside him. His captors believe he holds the secret to their success, and they are willing to take it, by any means necessary. Elizabeth Sterling is a vision of love from a simpler time, but she's got something to hide. If Dalton can learn to trust her, she might be just the person he needs to save his skin. But is she too late to save his soul? Meanwhile, Westley Worthington struggles to use his newfound abilities to rescue his friend, and win back the love of his life, Cordelia Cross. Will being Augmented allow him to do both? Find out in the second full-length novel in the Building a Hero trilogy from bestseller Tasha Black. Authors Note: Building a Hero is a trilogy of full-length novels of 200-300 pages each. It is not a serial with short installments and cliffhangers. Each book has its own, complete story arc. However, like all trilogies, books 1 and 2 do leave some unanswered questions to be resolved in book 3. Thanks for reading!
