KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A good readVon Jen RAutumn in London is a continuation of Anna and Ethan's story. The first book left off with Anna

heading back to London after erasing her number from Ethan's phone (and his from hers). She didn't want anything more than that one week even though she was falling for him. She didn't think he wanted more, and since she kept saying she didn't he didn't press her on it. He just wanted her to be happy. They have both been missing each other for these past few months. When Ethan goes to London to oversee a merge with a firm there he is not expecting to find Anna working there. They are so great together, though Anna is annoying at times in this one. As Ethan says he is always no bulls***, but she just gets so worked up about nothing! Like she thinks he knew who she was all along and it was just business for him, he was trying to get intel and stuff, which makes no sense! Did you talk about work at all while you were in New York? No? Then why would he have done this if it was just to get intel? He would be the worst at that since you didn't even tell him you were a lawyer! Geez! She just freaks out all the time. Even after they both tell the other they love them she won't talk about what will happen when Ethan has to go back to New York. He is ready for this, finally has someone he wants to spend time with, be with, and she is just acting like she might not want the same. Argh it was frustrating at times. Whenever he would try to talk to her she would put him off. Not now, let's wait until the last minute when you are leaving in a few hours. Yeah, that is a great idea. She is so worried that he might not want to continue their relationship which is bull. Why would he still be there and tell her he loves her if he didn't want her? He doesn't do bulls***. He says what he thinks so she needs to get over her insecurities. I hope she is not so bad in the last part of their story. Ethan loves her, she loves him, he is determined to make it work either with her moving to New York or him to London so chill. It will be fine. You will get your happily ever after if you can just calm down and talk to the man. He just wants you to be happy even if that means you leave him and breaking his own heart. Kurzbeschreibung Autumn in London is the second part of The Empire State Series, a series of three novellas. The series starts in A Week in New York and concludes in New Year in Manhattan. Anna Kirby went to New York to escape heartbreak and have some fun. She wasn't meant to meet someone . . . someone like Ethan. Now, back in London, she's having to get over a man who's three thousand miles away....Ethan Scott broke every one of his rules during his week with Anna and now he can't seem to go back to life before her. A business trip to London gives him the opportunity to change his rules for good. Will he take it? The Series concludes in New Year in Manhattan which is OUT NOW! s of A Week in New York Louise has done it again and created a fantastic read. This deserves every one of the five stars rewarded and more. Louise certainly can tell a story. Kindle Friends Forever The writing is excellent and you'll be hooked from the very beginning. I was a fan of Ms. Bays after reading her novel Hopeful earlier in the year and A Week In New York has only helped to make me a bigger fan. Love Between the Sheets One Week in New York is another sizzling tale from Louise Bay! Her characters have real depth and dimension and her story grabs you instantly with its heat. Agents of Romance So, I LOVED this novella!!! Humor and hot sex!! It had me laughing out loud and fanning myself. Book Bitches Blog I absolutely loved this story! I devoured it in one sitting and immediately messaged the author saying I was desperate for part 2! This is a hot story but one which actually has a decent story to go with it. Fionas Book s This was a fantastic read and I cannot wait to get the next installment of Anna and Ethan. This was 5 Fantastic stars for me. Summers Book Blog I have to say that this book is hot and sexy and so freaking honest. I absolutely LOVED This book. I can not wait for the next book.... Book Happiness Well, I guess its official... I am a dedicated fan girl of the amazing Louise Bay. You can really see how much she has grown as a writer since her debut novel, Faithful. This new series has got me in its hooks, and I am already antsy to get my greedy hands on the next one. Page Turning Book Junkies This book was sooo good. It was short, sweet, and to the point. The sex was really hot. Overall it just had everything. Im so glad I took a chance on this book Because it just blew me away. We Like it Big Blog This book is perfection, great chemistry, great sex, amusing banter all wrapped up in an Ethan Scott bow like I said PERFECTION!!! Kellys Kindle Konfessions An unforgettable first book in the series. It will leave you wanting more, but not frustrated. It was sexy and erotic, but felt authentic. I would absolutely buy this book, and cant wait for the next two coming. I highly recommend it!! Books and Beyond Fifty Shades I loved everything about this story, from Louises trademark quirky characters to the snappy banter to the unabashed attraction and enjoyment with which Anna and Ethan approach their week. I look forward to more sexy chemistry and game changing developments in the story the way that only Louise can write it. Five super-sexy stars! Smut Book Junkie s The pain of their inevitable separation was my pain too. It was so romantic and full of longing. Now I'm really hooked and I'd love to read the next episode, Autumn in London. Sounds so good! Literaria Book s I can't believe how much I liked this. I mean I knew I'd like it. But, man did I love both Anna and Ethan Now, their week is over and my kindle almost went up against the wall. The 2nd novella can't come out fast enough. Mommys Late Night Book-up..it's so masterfully done, that it feels fresh enough and hooks the reader almost from the first page. Ethan and Anna are both kick-ass, hot, fun characters. Their chemistry is undeniable." More Books than Livros s Kurzbeschreibung Autumn in London is the second part of The Empire State Series, a series of three novellas.
