**Von Spring Horton : Autumn in the Highlands (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Autumn in the Highlands (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Autumn in the HighlandsVon Jane\_WI have read a number of books by Spring Horton by now and this one was by far my favourite. To me a book that can stir some sort of emotion in me is worth my time. For me to really love a book, however, I want it to make me both laugh and cry. And this book did.I really liked how I slowly got to know the

characters and even though it wasn't exactly a surprising turn of events, I thoroughly enjoyed witnessing the two guys fall in love with each other. I thought it was just a really sweet love story. As always in Spring Horton's books there was a brilliant cast of quirky minor characters. I also thought that the Scottish highlands were brought to life quite convincingly and reading the book made me want to return there! What I probably liked best though, was the way in which the issue of being gay was addressed. At the end of the day, Autumn in the Highlands is mostly a rather grown up coming-out story. I liked how a number of different aspects were covered, and a number of different points of view taken into account. For this reason, I guess, the book even has sort of an educational side to it, but without ever being patronising or tedious. It's a book that is fun to read and even though it does address some rather sinister issues, on the whole the book's message is pretty positive and uplifting - quite an achievement for my taste! 0 von 0 Kunden fanden die folgende Rezension hilfreich. american backpacker meets scotish laird - but so not Von E.T. the tourist is on his way to Loch Ness when he's picked up by a local - the owner of a nearby pub. The laird is the cook of the pub, they meet there and a slow and sometimes bumpy love story is on its way. A treasure hunt is woven in and all in all it's a good read with very good graphic descriptions of the Highlands in autumn.

Kurzbeschreibung He was only passing through... David Dillahunt has spent the last few months backpacking through Britain and hopes to make it to Loch Ness for a bit of Nessie spotting before the weather turns cold. Instead, he finds himself in the quirky village of Glencreag, where a cranky old innkeeper named Angus convinces him to stay a few days. A few days turn into a few more when David runs into the local Laird, Andrew McGuiver. Andrew is a mystery himself and David figures he'll be a lot more fun to solve than the Loch Ness Monster. Along the way, the two of them chase local legends, get caught up in controversy and slowly fall for one another. But Andrew's past and his own personal fears threaten their fledgling relationship. Can he put them behind him? And will David decide Andrew's worth staying for?
