Time-travel romance with interesting magical elementsVon Ein KundeModern Diane is called back in time by a magician in the hope that she will be able to dispel his friend's "ennui". Simon is not happy with his "present" at the beginning, but of course he changes his mind. Diane is very upset with her new primitive surroundings and her surrounding is upset

by her appearance (she's half chinese). Nice story with a reasonable ending. The best I've read by S. Sizemore so far.
