This one is a solid read. Sometimes, the author told when she should have shown, but it's still an enjoyable read. 1 von 5 Kunden fanden die folgende Rezension hilfreich. Great story set in The Netherlands Von Philologus I love that BSB takes a chance with books with an European flavor. The author is British and the novel is set in The Netherlands Amsterdam. It is a very well done debut novel which makes me hope that the author will come forth with many more stories.

Although she often misses the British landscape and its traditional food, she is pleased to live in a country where sexual orientation is no longer grounds for discrimination and where homosexual couples and their rights are recognized and protected by the law.
