**Von Roz Denny Fox : Baby, Baby** before purchasing it in order to gage whether or not it would be worth my time, and all praised Baby, Baby:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Category romance the way it should be writtenVon Ein KundeDr. Michael Cameron and his wife Lacy argue over their relationship as he gets ready to leave to perform a transplant operation on a teenager. Lacy feels her spouse only married her because she was his first patient, but a few months later the couple divorces. A couple months later, a pregnant Lacy is in emergency care at the hospital. Lacy explains to her sister Faith that she has stopped taking her rejection medicine and that the father of her child is probably a married rat named Kipp Fielding III.Lacy tells Faith to

raise her child before she dies while giving birth to twins. Kipp claims the boy as his while Michael claims the twins are his. Into that mix stands Faith who vows to honor her deathbed promise and insure neither one gets either infant. However, Michael offers Faith a deal that they marry and raise the children together. Faith has always loved Michael, but hid her feelings from him. Now he wants a marriage of convenience that will protect her and her deceased sister's interest in the two babies, but will leave her heart vulnerable. **BABY, BABY** is a warm relationship drama that will touch the hearts of readers everywhere. The story line is uplifting yet there is an underlying sadness to the plot. The lead couple is an intriguing pair struggling with their attraction for one another, the needs of the children, and the ghost of Lacy lingering in the background. Roz Denny Fox provides her audience with a well-written sentimental relationship tale. Harriet Klausner 0 von 0 Kunden fanden die folgende Rezension hilfreich. A real page turner with characters you care about Von Jan Daugherty Faith Hyatt grants her sister's final request. Just before Lacy is rushed into surgery for a Caesarian section, Faith signs papers which will give her custody of the baby about to be born. Lacy doesn't survive, but delivers healthy, premature twins. Before Faith can even complete the funeral arrangements, two men show up, each claiming to be father of the babies and demanding custody. One is Dr. Michael Cameron, Lacy's ex-husband and the other is Kip Fielding III who claims to have been Lacy's married lover. Dr. Cameron never wanted the divorce and wants to claim his children. Kip Fielding and his wife have been unable to conceive and are being pressured by his father to produce an heir. Faith wants to fulfil her promise to her dying sister. Tension builds as the dispute over the babies is taken to court where each of the three parties seem to have almost equal standing. Lawyers for the three can't seem to agree on anything and newspaper reporters seem determined to air every possible detail in it's most embarrassing context. In the midst of all the conflict and strife, a tender love story begins to unfold. A clever plot twist heightens the already tense situation and keeps the suspense surging. In addition to writing a terrific story, it's evident the author has intimate knowledge when it comes to parenting multiple babies. The joys, difficulties and sheer exhaustion of caring for newborn twins is related in vivid detail and should be required reading for parents expecting a multiple birth situation.

**Kurzbeschreibung TWINS:** Nurse named guardian of her sister's twins but who's their daddy? Faith Hyatt receives a shocking legacy from her dying sister. A baby. No, two babies. Twins. Lacy grants custody to Faith. But Faith soon discovers it's not that simple. Because two men show up claiming to be the father of Lacy's children. **COURT ORDERS DNA TESTING** One of the men is Lacy's ex-husband, Dr. Michael Cameron. And the other is her lover. Faith is determined to fight both of them, determined to raise these babies. That's what Lacy wanted. But Faith's battle for the babies in court and out of it also means fighting her feelings for Michael. She's always kept her attraction to him a secret, standing quietly by when he married her sister the patient five years ago. But now he's back in her life, his determination as great as Faith's. And he has a proposal he thinks might help them both **A CONVENIENT MARRIAGE** **Kurzbeschreibung TWINS:** Nurse named guardian of her sister's twins but who's their daddy?
