I longed for this installment like for every other in this series. And once known it will be about Whip I got even more excited. Besides learning more about that kinky, dark and sexy hunk and his passions and dark desires for handsome ginger Harley, we get to know and see how the MC's of

Mars raise the war against the cruel government on the next level. Will the People of Mars follow their way to fight for their rights? They have to make their choice...This book really is kinky, sexy and full of dark passion. I loved to see the tension grow between Whip and Harley! Especially when Whip shows the sexy little Irish that he likes it rough with the men he wants to have in his bed. And Harley being all excited over it and specially Whip, on whom he has a crush for a long time now! As Whip was send to his shop to observe the Peacekeepers from the inside seems weird for Harley at first but then becomes like the win of a jackpot. Both together are so steamy and hot, one really can't get enough reading about them and their sexy playtime..purrfect. And the war getting an dramatic twist and turn, well, I now really want to know how the story will end. Will there be a happy end and future for the human kind in Mars? Oh I really hope so!! And I really really really want to know if Outlaw will get his Lover Liam back in his arms! James, you did it again, I really am addicted to you and your books and your guys!!
