leider nicht viel mehr als das. Ich habe beim Lesen die Entwicklung einer richtigen Beziehung, einer richtigen Tiefe vermisst. Vielleicht ist das Buch dafür schlicht und einfach zu kurz. #Beginn - Spoiler# In Lena kann man sich als Leser recht leicht hinein versetzen. Sie ist eine ehrgeizige Anwaltsgehilfin die an ihrem wohl schlimmsten Arbeitstag Aiden begegnet, der sympathisch und freundlich ist und ihr hilft. Obwohl es eindeutige gegenteilige Hinweise gibt hlt sie ihn für einen Assistenten. Das ist schon mal so eine Sache wo man sich denkt: "Will sie die Wahrheit nicht sehen?" Innerhalb des kurzen ersten Treffens schafft es Aiden Lena so zu unterstützen und aufzumuntern, dass sie danach stärker an sich glaubt und es so schafft auch ihre Chefin von sich zu überzeugen, sodass sie befördert wird. Das ist meiner Meinung nach einer der schönsten und besten Einflüsse der sich ausbildenden Beziehung zwischen Aiden und Lena. Während in vielen anderen Büchern die Frau ihren Job aufgibt oder gar ihr Leben aufgibt wenn sie ihren "Prinzen/Milliardär" trifft, möchte Lena weiterhin erfolgreich sein. Sie strebt danach Jura zu studieren. Leider bleiben gegen Ende viele Fragen unbeantwortet. Was ist mit Aidens Vergangenheit. Was mit seinem Vater. Dazu erfährt man meiner Meinung nach zu wenig. #Ende - Spoiler#

Kurzbeschreibung Who meets Prince Charming in an elevator while carrying their broken shoe? Lena Masterson was having a rough day. Her coffee pot exploded, her favorite heel broke on the way to work, her computer died, and her coworker sabotaged her performance review that she should have aced. To top it all off, she had to stay late to fix someone else's mistake. So when she literally ran into a handsome stranger at work, she was fairly certain that it might actually be the worst day of her life. Instead, it was the start of something wonderful. From the moment she nearly bowled the man over, she couldn't take her mind off of him. She didn't know anything about him, and could only assume that he was someone's assistant. Still, the encounter left her with new self-confidence. She made a move assertive enough to get the attention of her boss' boss, and be granted a new position as the personal paralegal of the head partner. This promotion soon led to an important trip to the Caribbean, where she saw a familiar face on the beach... Everything seemed perfect when she was in Aiden's arms (other than her missing shoe), but he was holding something back. Worse, Lena was keeping a secret from him as well. She knew that she couldn't keep up her little white lie forever, but it turned out that Aiden's secret was much bigger. Much much much bigger. A billion times bigger, in fact. Even though he treated her like Cinderella at the ball, it was possible that the billionaire playboy just thought of her as one of his "flavors of the week". After saying goodbye with one last barefoot kiss and returning to the real world, there was a burning question on Lena's mind: Did this Prince Charming love her as much as she loved him? He brushed hair from my face and back behind my ear. I loved that he did that. It made me feel cherished. You are so beautiful. I looked up, my guilt melted by the heat in his eyes. Want made his gaze burn and set my soul aflame. He kissed me again, this time slower and with more purpose. His tongue infused raw desire straight into my mouth. He reached for my shirt, lifting it easily up over my head. I moaned his name against his kiss as the shirt cleared. I thought we were fishing... I murmured as his hands caressed the fabric of my swim top, my nipples hardening and responding to his touch. He nibbled on my shoulder, sending heat straight down my spine and to my core. I can stop if you want... No, no, no... don't stop, I gasped as he put his mouth to the delicate skin of my neck and sucked. He smiled against my skin. I bit my lip and looked out across the water. There wasn't a soul for miles, but the idea of doing this out in broad daylight had a delicious naughtiness to it...
