KelleyReviewed by : Stephanie JordanMs. Kelley wanted country, here we go we have Bear Country. And wouldn't you know this is such fantastic read it seems the characters complete each other as the story unfolds, with a little Country Music, and a cold beer, I'm in heaven, I just loved it. Boone Reynolds is the lead singer and guitarist of a well known band called Tennessee Honey, than add to the mix he's a bear shifter. Boone can't believe they are touring small farm towns the band was way beyond that, since they made it big. Besides Boone loved a different girl every night in his bed. Harley Turner was a small town farm girl, who dreamt of traveling the world. But she knew it would never become a reality because her father needed her at the farm. He couldn't do the work now that he used to do. When Boone met Harley his Bear knew who Harley was to him. Do you know? I was gifted this ARC for an honest and truthful review.

KurzbeschreibungCurvy country girl Harley my daddy really loves his hogs Turner is done with men. She has other things on her mind, like the fact that her family's farm is about to go under if the concert they're hosting doesn't sell out. But when the sweet-talking lead singer of Tennessee Honey comes sauntering into town, Harley's plans go up in a puff of smokin' hot country superstar. Bear shifter Boone Reynolds doesnt do small towns. Not anymore. So the fact that his band has to play five backwoods towns before they can go back to their real tour has him about ready to blow. First stop? Redding, Georgia. Population: Who gives a damn. Definitely not Boone. That is until he meets spitfire Harley in a rundown bar. And as far as he and his bear are concerned, she already belongs to him. She just doesnt know it yet. Boone makes Harley tingle in all the right ways, even if she isnt willing to admit it. But shes not gonna be another notch in his belt. No way, no how. Now Boone only has a few days to convince Harley he isnt just after a quick roll in the hay. He wants her forever, and hes willing to fight off a crazy ex, and even give up his fame and fortune to be with her. Bear Country: Boone is Book 1 in the Bear Country series. It can be enjoyed as a sexy standalone, or read as part of a series. A Note For Readers: This book contains a sexy as sin werebear who's gotten a little too big for his britches and the fiery BBW who helps him get back to his roots. It also contains explicit love scenes (of the panty-melting variety) and naughty language. Adults only paranormal romance!
