Ms. Kelley is really is really becoming a Good Ole Country Girl. I love the way she writes her characters and how they all come together. Everett and Emmett Bordeaux, aka Ev and Em who were the Twins of the Tennessee Honey Band. Of course as Twins they did everything together. Katrina aka Trina, worked as a waitress and was serving the twins table when Emmett heard her Sexy voice and his Bear went crazy. MATE.... But than Everett started sweet talking her, when he touched her hand Trina felt a zap wow. Was she crazy, she had to be no way can she be attracted to two men let alone twins. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung
Curvy girl Trina knows musicians are nothing but trouble. And the two hunky guitarists that haven't taken their eyes off of her all night? Twice as bad. Her heart's telling her to stay away, but fate just won't have it. Before she knows it, she's agreed to a date--with both of them! It's not easy convincing the woman of your dreams that you want her--and only her--forever. Especially when you only have a few days to do it. And when you have to compete with a guy who wants her just as badly as you. Bear shifters Everett and Emmett Bordeaux are used to sharing everything. Guitars, clothes, food Even women. Until now. From the moment they set eyes on the luscious Trina, it's every bear for himself. But if they want to protect Trina from the dangers of her past, and keep from tearing the band apart, they'll have to learn to share again, and convince their fated mate that two bears are definitely better than one. Bear Country: Bordeaux is Book 2 in the Bear Country series. It can be enjoyed as a sexy standalone, or read as part of a series. A Note For Readers: This book contains two determined werebears who both want the same, curvy mate. It also contains explicit love scenes (twice the lovin'!) and naughty language. Adults only paranormal romance!
