**Von Christa Kelley : Bear Country: Daryl (BBW Bear Shifter Paranormal Romance) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bear Country: Daryl (BBW

Bear Shifter Paranormal Romance) (English Edition):

KurzbeschreibungSingle mom Alison Hart has enough to worry about. Between raising a teenage, half-shifter son and trying to scrape together enough money to pay for her costly divorce, she's all tapped out. But when her son, Matt, runs away and comes face to face with a polar bear shifter, Allie is immediately taken with his kind, pale blue eyes. The last thing she needs is a new man in her life, but as Matt approaches his very first shift, he's the first one she calls to help. Daryl Brandt has never really had a place to call home. A Royal Navy drop-out and former punk band drummer, Daryl has tried to find his place in Tennessee Honey for months, but he just can't seem to make it work. When he meets curvy Allie and her son Matt, he finally understands exactly what's been missing in his life, and he's eager to show Allie he can be a good father for Matt and a good mate for her. Unfortunately, he only has two weeks to do it. Now this brawny bear will have to sweep his mate off her feet, all while keeping up with his band and making sure Allie's ex doesn't force his way back into the picture. Bear Country: Daryl is Book 3 in the Bear Country series. It can be enjoyed as a sexy standalone, or read as part of a series. A Note For Readers: This book contains a lost werebear who's looking for the perfect BBW to bring him home. It also contains explicit love scenes (of the panty-melting variety) and naughty language. Adults only paranormal romance!
