NovellaAuthor: Christa KelleyReviewer: Stephanie JordanJust when you thought Ms. Kelley last book, Daryl was a hit she writes Jackson and all the emotions were phenomenal I even had tears at one point. Corinne Williams, aka Cori worked at the Looking Glass, which she considered a sleaze magazine but she had to protect her family and needed money to do that so she worked as a Blogger. Bruce was blackmailing her, though she couldn't shift her Bear was inside her and warned her of Bruce's and his stalking ways. As soon as Cori arrived to see The Tennessee Honey's she knew they were all bears then she spotted Jackson. Cori turned around and ran, Jackson saw her and had to run after her why he didn't know but he had too. When he caught up he knew why, she was his Mate, and a Blogger. GREAT!! Did he really need this now? He had a family secret he hadn't even told the guys in the band, now he had a mate! I was gifted this ARC for an honest and truthful review. KurzbeschreibungReporter Corinne Williams never wanted to spend her talent prying into the private lives of celebrities like the Tennessee Honey boys, but she's willing to do just about anything if it means keeping her baby brother out of trouble. The last thing she needs is a complication of the tall, dark, and growly kind, but that's exactly what she finds in Jackson, the band's sinfully sexy songwriter. Jackson has never been all that fond of the spotlight. But curvy Cori is making his bear want to fight off every male in sight just for the chance to have her all to himself. Even if their relationship threatens to destroy everything the band has worked so hard to build. Bear Country: Jackson is Book 4 in the Bear Country series. It can be enjoyed as a sexy standalone, or read as part of a series. A Note For Readers: This book contains a sexy werebear who will stop at nothing to claim his BBW mate. It also contains explicit love scenes (of the panty-melting variety) and naughty language. Adults only paranormal romance!
