suspenseful romantic story. This story features; Connor, a strapping, heart-stirring gorgeous werewolf and head of Shifter Squad 6; Cassie, a curvaceous, sassy, hazel eyed beauty; Monroe; the precious adorable werewolf cub. What you'll find in this story; a cast of remarkably impressive and engaging characters, spectacular story-line, dynamic vivid scene descriptions, phenomenal banter, gripping suspense, horrific danger, mystery, camaraderie, action packed, pent-up rage, emotions spiral, skyrocketing heart-throbbing sensual romance, and a melt your heart conclusion leaving you wanting more. Sitting in a bar in San Francisco having drinks with his team, Connor's mind floated back to the one night he had with the woman who haunts his dreams. Giving her up had been torture. He has searched for her with no luck, even demanding that his boss tell him where she is. He was alone now, everyone leaving bidding him goodnight, scanning the room, drink in hand, he spotted her, his bear at attention, job be damned, he wouldn't let her go again.....WOW-SPECTACULAR fast paced well written creative read by a truly gifted author. Could not put this book down, relished it, a most exhilarating read. The interaction between the characters is fabulous as they spring to life with the plot and powerful scene descriptions. Connor's devotion for his family shines like a beacon and Cassie's lion-hearted persona makes her a most valiant heroine. I was thrilled that there was a child in this story as it made the family dynamics more exciting. You will absolutely fall in love with all the characters in this book. If you treasure shifter stories with action, humor and romance that sizzles, this is a terrific book for your library. {I received a copy of this book for a completely honest review}. In the world of shifter romance the possibilities are endless and always fascinating. Without reservations I recommend this book.

Kurzbeschreibung She never knew danger, but now she can't get enough of the bear it follows... This is a full 50 k BBW Werewolf Navy SEAL Forbidden Pregnancy Romance novel with a guaranteed HEA. It has violence, steam, a forbidden pregnancy and lots of hot shifter commandos that are sure to knock down all your doors. Read it as a standalone and fall in love with the new shifter heroes set to save the day! Cassie Campton's lived a calm, settled life. Working for an eccentric billionaire, she's given plenty of time for the things she enjoys in life. Surprisingly enough, that makes a person complacent. So, when the man she's devoted years to suddenly draws her into an explosive chase, complete with bloodthirsty villains and the distinct possibility of death, Cassie can't help but wonder if she's gotten in way over her head. But when the commando sent to save you is as hot and as infuriating as hers is, does it really matter? Connor McLaughlin is a werewolf with a past, and not much in terms of future. Head of Shifter Squad Six, he's a gun for hire, a soldier of fortune. Every job's the same, except for this one. He didn't think he could ever love again, but one look at Cassie and the tough as nails ex-SEAL finds himself stumbling over his feet and words. They only have one night together and after that, Connor's never the same, for better or for worse. Brought together by fate once more, Connor has to save his woman, maybe the world, and most heartwrenchingly, his cub he knew nothing about. Can Cassie and Connor overcome the lies between them and have a future together, or are they doomed to fail?
