Emotionally Damaged Von Ingrid Stephanie Jordan 5 Stars Title: Bear With Benefits Shifters in Seattle Book 2 Author: Truli Thorne Reviewer: Stephanie Jordan #Paranormal #BearShifter Here I thought book 1 was good but I have to say it gets better with book 2 a whole lot better. Ms. Thorne proves her writing skill making you feel as if you are there in the his office. You could read this as a stand alone if you wanted but then you wouldn't know the history of the other characters. Steph and her roommate Cleo were at Amy there other roommate, and Zach engagement party. But tonight Steph was drinking her sorrows with chocolate margaritas and celebrating. Being told by your ex boyfriend that your emotionally damaged was hard to swallow. Steph loved sex so from now on it would only be Friends with Benefits" Rex Harris is a doctor and a bear shifter, since he took his hippocratic-oath he hasn't stifted he only wants to heal not kill. Being a doctor was everything to him, but 6 months ago he found out somethings that will change his life forever. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung Theyre just friends. Its just sex. Trouble is? Hes a bear shifter and shes his fated mate. Curvy nurse Steph has sworn off relationships. Plus she hates Rex, the most arrogant doctor at her hospital. Once fate throws them together, though, they cant help but become friends. With benefits. When nothing goes as planned, his primal ways wear down her defenses and Steph has to decide whether its worth it to take a chance on true love. Billionaire bear shifter Rex recognizes Steph as his fated mate, but keeps it casual so shes not scared off. While he courts the only woman he could ever love, he must also battle a mysterious disease devastating the Seattle shifter community and a monstrous outsider who will do whatever it takes to stop the disease--even murdering innocent shifters. But when Rex has to choose, does he save his true love or his family? When love is a four letter word, happily ever after is fates way of getting it right. A STANDALONE novella for readers who love their romance with sexy shifters and sassy women. Bear with Benefits is the second book in Shifters in Seattle, a series of sexy standalone, paranormal romances. Kurzbeschreibung Theyre just friends. Its just sex. Trouble is?
