Von Kelly Lucille : Beatrice and Douglas (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Beatrice and Douglas (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Entertaining and FunnyVon EvaBeatrice and Douglas have known each other since childhood. Theyve always teased each other, but now Douglas wants to have a serious relationship with Beatrice he just doesnt know how to go about it.

He tries annoying her to get her attention. She thinks hes a playboy. Things get more complicated when their rooms are broken into and their building site is vandalized. This is a romance so, of course, everything works out in the end. The fun and interesting part is getting there. Beatrice and Douglas are both enjoyable characters. Theyre likable but flawed which makes for some great humor. The authors writing style is engaging and while her stories are generally short, theyre always entertaining. This book doesnt take itself too seriously (always a plus in my book) which makes it a great read for the beach or a train ride. Id recommend it to anyone whos looking for some light entertainment to leave the real world and its problems behind for a while.

KurzbeschreibungA hot carpenter who likes to work with his hands. A fiery interior designer who is hands off. Douglas has rubbed her the wrong way since they were children. Now he wants to try a different kind of friction. If they can learn to work together, it could be the love of a lifetime. This is a short easy read with humor, a little mystery, and a whole lot of steam. KurzbeschreibungA hot carpenter who likes to work with his hands. A fiery interior designer who is hands off.
