KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Predictable storiesVon LindaNThese two stories are a solid read, even if they are quite predictable (three quarters into the story something dramatic happens that endangers the happy end, but of course everything turns out for the best). What I really have to criticize is writing. It reminds me of a 16 year old writing in her diary. The guys have sick abs

and sick bodies here sick is supposed to be a reference to a beautiful body or hard abs. Also someone thinks his father is the s*** a reference to what a great father this person is. I wonder what the authors are trying to prove with this adolescent writing style.
