reading: Any Duchess Will Do (Spindle Cove). This book is a historical romance in the Spindle Cove series. I have no idea in which order I have to read the series, but have to admit that this is no problem as it can be read as a standalone. The plot is nice. Miss Diana Highwood has suffered for year of asthma and her health was very fragile, this is why she has not been forced to marry early and has lived at Spindler's Cove with her mother and her younger sister. Her mother is hoping for her to marry a rich nobleman as she is the prettiest of her daughters. Diana's heart and body however only desire is Aaron Dawes, the village blacksmith. Aaron does not dare to approach this special lady who is meant for a nobleman, but the attraction is definitely mutual and so strong that they can't resist each other. A sweet story starts, but is a relation between the two even possible? Well this is mainly the plot, it is ok, not overwhelming, it is nice that the smith is really only a smith and does not have any hidden noble background. I would be curious if in their case love is enough to be happy even in a poorer way of life, especially for her. At the beginning she has troubles cooking for example, this is then simply ignored afterwards which I regretted. The real breathtaker of this book is Aaron. What a man in comparison to all these Lords of the historical romance books. Generally the lords, the heroine falls in love with are very muscled strong and tanned which never really made sense to me. So this man is all male, hot and in the same time tender and sweet... So the story is ok, Aaron is great, Diana is nice but not overwhelming but what disturbed me is that towards the end I had the impression that the author just wanted to finish fast and not go into detail anymore. So this was a nice but not great historical romance. Enjoy the read and feel free to comment MBTM0 von 0 Kunden fanden die folgende Rezension hilfreich. Literary equivalent to an ice-cream cone Von Silvia This was my first trip to Spindle Cove and it will not be my last one although this is merely an OK read, nothing mind-shattering or intricately woven. I've only read one other book by Tessa Dare which I absolutely loved and I wanted to give the Spindle Cove community a try, too. A novella seemed like the perfect snack to check the taste and I quite liked it. Yes, I agree with some other reviewers that there's not much in terms of character depth and it's all a bit rushed, but you can expect only so much from a novella-length story. It can only be a moments snapshot and I'm OK with the characters being a little one-dimensional. But I do agree that it all is a bit too smooth the flawless beauty who happens to have an adventurous, even reckless streak in her; the handsome craftsman who happens to be exceedingly well-mannered and well-spoken; the understanding sister who acts as co-conspirator; the forever matchmaking mother, the spinster, the eccentric and I'm not all that sure about Regency instalust, ah but well. Beauty and the Blacksmith is the literary equivalent to an ice-cream cone you enjoy while sitting at a little cafe enjoying a day off. Nothing more, nothing less. A sugary little fairytale. I don't regret buying it but I doubt I will re-read it. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Kurzgeschichte mit ungewöhnlicher Rollenverteilung Von Isabella Norton Es gefällt mir, dass der Held hier nicht eine versteckte Verbindung zur Aristokratie hat, sondern wirklich der Schmied ist. Das ist eher ungewohnt für dieses Genre. Die Geschichte ist gut geschrieben.

Kurzbeschreibung (This is a novella of approximately 36,000 words. Also included is a two-chapter preview of Do You Want to Start a Scandal, releasing 9/27/16.) Take a trip to Spindle Cove in New York Times bestselling author Tessa Dare's gorgeous and sexy Regency romance. Beautiful and elegant, Miss Diana Highwood is destined to marry a wealthy, well-placed nobleman. At least that's what her mother has loudly declared to everyone in Spindle Cove. But Diana's not excited by dukes and lords. The only man who makes her heart pound is the village blacksmith, Aaron Dawes. By birth and fortune, they couldn't be more wrong for each other ... but during stolen, steamy moments in the smithy, his strong hands feel so right. Is their love forged strong enough to last, or are they just playing with fire? Kurzbeschreibung (This is a novella of approximately 36,000 words.
