Von Sibylla Matilde : Because of Kian (Bitterroot Book 1) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Because of Kian (Bitterroot Book 1) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Kian... sigh! Von Nina BECAUSE OF KIAN by Sibylla Matilde is a story I thoroughly enjoyed. It is full of suspense, just with

the right amount of drama and a fair share of scorching hot sex scenes with a touch of kink. Ooohh, and lets not forget that awesome playlist Sibylla provided along with the book! Each chapter starts off with two or three different songs that fit the storyline incredibly good and the song selection itself lets just say it is downright my taste of music: 30 Seconds to Mars (fans self) and so, so many more! Ill definitely create a playlist for my iPod according to that list!Now to the story: Brynn is new to town, escaping an abusive boyfriend and leaving everything and everyone else behind, including all of her friends and her family. She is very much living the life of a loner now. Trying not to suspend herself completely from society, she goes to the local club Hyper regularly. But even there she keeps to herself: Coming alone drinking alone dancing alone and eventually leaving alone. Thats when she catches Kians interest. Lucky for her, because one night after exiting the bar Kian comes to her rescue as Evan, her ex, attacks her. Having a strong desire to protect her, Kian offers Brynn to teach her self-defense in private lessons. Brynn accepts after mulling it over for a while. She quickly realizes that she feels save with Kian and soon they start to build a friendship, despite the chemistry that shimmers between them from the very beginning. But Brynn thinks she is too messed up inside, too broken and her cravings too dark and twisted that no man could ever really love her. Even worse, she thinks she will corrupt and ruin him its not like had not happened before. Can Kian show her that he is not like her ex-boyfriend? Can he give Brynn what she needs even when she is not aware of it herself? And, most important, can Brynn accept that there is nothing wrong with her at all?Kian well, Kian is absolutely swoon-worthy and has the potential to become the girls favorite book boyfriend very fast. He is tender, caring and protective, yet all scorching hot alpha male and his skills in bed are most definitely off the beaten track! Speaking of his biases in bed and the therapeutic effects it has on Brynn wow, I so was not prepared for this and I absolutely loved it! He likes to take control and gives Brynn exactly what she needs without her even having the slightest clue that this is what she needs. Yes, Kian is special and lets just say should I ever come across a purple rope, my mind will immediately will drift off to this book!While I absolutely adored Kian, I wished there had been more details about him and his past. How did he choose this lifestyle for example? Likewise I felt with Brynn: I would have loved to get more details about her relationship with Evan, why was she so scared to escape to another city, cutting all connections? I really did love the storyline; I felt for Brynn and swooned over Kian all along, I also enjoyed watching them build a relationship, growing and learning together and loved the steamy and unexpected sex, but, still, I felt that there was some depth missing that would have made me rate this book as a 5*. But that should not keep anyone from reading it, not at all!In fact, Sibylla Matilde is one of the few authors whose books I read without knowing anything about the synopsis. So, yes, BECAUSE OF KIAN is different than her previous books, but a wonderful and emotional romance all the same!It is a beautifully written story about recovery, trust and love. A book about a tortured heroine who is saved by her knight in shining armor or rather her smokin hot and a little kink-loving biker.Pick it up, you wont be sorry!

Kurzbeschreibung***** Mature Content, Abuse, Sexual Situations, Adult Situations, Strong Language *****I know Im twisted. Growing up in a perfectly well-adjusted home, I dont really have an excuse. But no matter I realize how messed up I am. And therapy can only do so much.I pushed my boyfriend to violence, a violence he couldn't control. Sickly, I almost liked it. So I pushed him more. Before long, the pain outweighed the pleasure and the loss I sustained shattered me. So I ran. Im now a bit shell-shocked harboring a lot of guilt. My boyfriend is now my ex and wants revenge. He wants me to pay for turning him into the monster hes become. And I still have a deviant yearning that I dont understand. My own monster inside my own demon to battle. I cant get close to anyone. I cant give in and scratch that itch. I cant wreck someone else. And now there is Kian my rescuer on a dark, painful night. He sees through my pretense. He tries to pull me from my frightened isolation, to keep me from becoming a victim. He forces me to face my warped desires and shows me that pain doesnt really have to truly hurt.He wants to show me a way to serenity. But I am afraid Will I ruin a good man?Kurzbeschreibung***** Mature Content, Abuse, Sexual Situations, Adult Situations, Strong Language *****I know Im twisted. She attended a two-room schoolhouse 1st through 6th grade where she had same teacher the whole time. Beginning at about age 12, Sibylla discovered historical romance, feeding off of work of Jude

Devereaux, Lisa Kleypas, and Karen Robards. She loves a book that can make the reader run the gamut of emotions, from the sweet glow of new love to gut-wrenching heartache. She always has stories floating around in her head, living in some fantasyland until she writes them down to free them. She is a true romantic, a bit of a Pollyanna, and a deeply emotional soul. Music is her emotional trigger. Growing up with a Wagnarian-opera-loving mother, Sibylla grew up with music that digs deep into her soul and pulls out emotion. The soundtrack to her life includes different genres and generations. She loooooooves Thirty Seconds to Mars (rather obsessively, actually) with a little Kings of Leon to mix things up, and pimps them out regularly to all her friends through Spotify. She also enjoys watching Met Opera HD broadcasts at her local movie theater, and hopes (listening Met?) to someday see Diana Damrau reprise her role as Mozarts Queen of the Night in Die Zauberflte The Magic Flute. Sibylla lives with her husband, Mike, a man who she firmly believes saved her from her self-destructive, hot mess self. He makes her laugh every day, even when things seem to be falling apart around them, and has proved to her that love really can heal a shattered soul. In almost 19 years, they have never had a fight, but argue regularly with their two teenage kids who have, unfortunately, inherited their fathers quick wit (unfortunate as it is a quick wit that Sibylla, herself, definitely does not possess there is a reason she is a writer and not a stand-up comedian), and live a quiet life with their two weird little rescued Chiweenies. Wait teenagers and little yap-dogs? Okay, maybe not so quiet. :)
