AWESOME READ Von Ein Kunde I read this book a long time ago and was surprised to see that more people had not read this one. This was my first Rendell book and I have been hooked ever since. It was done simply and masterfully. The author does an magnificent job of keeping the reader guessing along with the Inspectors. Wrapping your brain around this one should be fun. If this is your first mystery/thriller or a book you are just discovering, you shouldn't be disappointed. 5 von 6 Kunden fanden die folgende Rezension hilfreich. Who is Doon ? Von tuppence This is the first of Ruth Rendell's books and we are thrust into the death of Margaret Parson's. All we have are the inscriptions in books from Doon, who is Doon and what is the link to Margaret? I was so pleased to come across this novel. the first in the series of Wexford novels. This book will have you wondering who is Doon ? and you won't know till the final pages. A very good first novel and as we know the rest is history. 1 von 1 Kunden fanden die folgende Rezension hilfreich. A memorable debut Von Ein Kunde This was Ruth Rendell's first novel and it is apparent during reading it that this was the debut of a highly gifted writer. The characters and descriptions are vivid and skillfully woven (that vase of hydrangeas in the library remains in my head) and the plot is intriguing and clever.
