Hier ist die Fortsetzung besser als das erste BuchVon Cat6Six und TanjaIch bin eigentlich kein Freund von Fortsetzungen nach einem abgeschlossenen ersten Band. Aber diesem hier konnte ich nicht widerstehen, weil mich die zugegeben

kitschige Romantik von "From Notting Hill with Love ... actually" sehr begeisterte und ich wissen wollte, wie die Geschichte von Scarlett weitergeht. Ich will hier jetzt nicht zu viel erzählen, um niemanden zu spoilern, der Teil 1 nicht gelesen hat (ist mir selbst passiert, daher vermeide ich das lieber). Nur so viel: Nach ihren romantischen Erlebnissen und dem Beweis, dass unser Leben wie im Film ablaufen kann und es daher nicht schlimm, sondern romantisch ist, sich mit Filmen zu beschäftigen und ähnliche Erlebnisse zu suchen, ruft ein neues Abenteuer nach Scarlett. Auf der Suche nach der Geschichte hinter einer Brosche landen Scarlett und ihr bester Freund Oscar in New York, einer der Hauptstädte romantischer Filme. Hier lernt Scarlett neue Freunde und einen Mann kennen, der sie magisch anzieht. Inmitten der filmischen Romantik aus Serendipity, King Kong, Sex and the City, Schlaflos in Seattle, Harry und Sally und anderen Filmen muss sich Scarlett fragen, was sie wirklich vom Leben will, wohin ihr Liebesweg führen soll und wie wichtig die Familiengeschichte für das eigene Leben ist. Mir hat dieser zweite Band fast besser gefallen als Teil 1, weil Ali McNamara den Plot weniger auf die Suche nach passenden Filmen ausrichtet als in Notting Hill und weil die Story flüssiger, dabei aber spannender, erzählt wird. Die kitschige Romantik und filmverrückte Naivität von Scarlett weicht in Band 2 der abenteuerlustigen, in ihrem Liebesleben aber immer noch unsicheren, Geschäftsfrau. Ich spreche eine klare Leseempfehlung aus, wobei ich dazu raten würde, auch Band 1 zu lesen, um die ganze Geschichte zu verstehen. 0 von 0 Kunden fanden die folgende Rezension hilfreich. funny, good read Von Agi Very, very strong 4 stars. Really nice, fast reading, sometimes just too obvious and too cliché. Scarlett is just so prone to accident but on the other hand she is a really nice person. From time to time I was really desperate with Sean and wanted to slap him, his questions and investigations were too much for me. Oscar - I adored Oscar, he was the best bit in the book and it wouldn't be such a read without him. Please, I want a book about Oscar now :) Although I must say I'm a little tired with books with NY theme. Going there, falling in love with the city, wanting to stay there... And the last chapters when Scarlett is chasing after the clues were just too much for me. I understand that Ali is in love with the city but I could do without the city guide - although I understand, too, that it must be like this. The thing with the brooch was at the beginning too obvious for me, as well, but I didn't expect how it is going to end, so no harm done :) All in all, nice ideas mixed with some clichéd ones, but nevertheless - super read. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Highly predictable but nevertheless a good bit of bedtime reading... Von Jess After reading McNamara's first "From Notting Hill..." book, I didn't need to think twice before purchasing the sequel. Was I disappointed? Well no, I pretty much got what I'd expected: a good light read that made me giggle and kept me entertained throughout, as well as bringing back fond memories of my recent trip to New York. The only problem with this sequel was that it was far too predictable and lacking in any truly shocking twists. This certainly didn't ruin my enjoyment of the book on the whole, but it did make me very reluctant to stretch beyond three stars.

Kurzbeschreibung Scarlett O'Brien, utterly addicted to romantic films, has found her leading man. She's convinced Sean is Mr Right, but the day-to-day reality of a relationship isn't quite like the movies. With Sean constantly away on business, Scarlett and her new best friend Oscar decide to head to New York for the holiday of a lifetime. From one famous landmark to the next, Scarlett and Oscar make many new friends during their adventure - including sailors in town for Fleet Week, a famous film star, and Jamie Max, a TV reporter and cameraman. Scarlett finds herself strangely drawn to Jamie, they appear to have much in common: a love of films and Jamie's search for a parent he never knew. But Scarlett has to ask herself why she is reacting like this to another man when she's so in love with Sean...
