Von Andi Marquette : From the Hat Down (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised From the Hat Down (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Viel mehr als eine Cowgirl RomanzeVon BenGunFrom the hat down ist die Fortsetzung von "From the boots up", wobei man sagen knnte, dass "From the hat down", das eigentliche Hauptwerk darstellt. Die Handlung beginnt exakt zehn Jahre nachdem Meg und Gina sich im Vorlufer Buch kennengelernt hatten. Meg ist inzwischen Tierrztin geworden,

Gina eine bekannte Journalisten mit Aufträgen, die sie in alle Krisenregionen der Welt führen. Wir erfahren, dass die Romanze zwischen Meg und Gina vor 8 Jahren auf Betreiben Megs endete. Aber Meg konnte Gina nie vergessen und wurde in neuen Beziehungen nicht glücklich. Wie jedes Jahr bekommt sie eine Geburtstagskarte von Gina. Dieses Mal ist allerdings alles anders, denn Gina möchte Meg wiedersehen. Wie in einigen anderen Rezensionen erwähnt, schreitet die Handlung nur sehr langsam voran. Wir erfahren dabei aber sehr viel über die Gedankenwelt von Meg und wie sie sich ihr Leben ohne Gina eingerichtet hat. Und wie die Zeit quälend langsam voranschreitet bis es zum Wiedersehen kommt. Doch dann überschlagen sich die Ereignisse als Gina bei einem Terroranschlag verletzt wird. Das Buch hat in der Tat so in der Mitte seine Längen, doch ist es insgesamt eine großartige Liebesgeschichte mit herzergreifendem Finale. Die Geschichte einer großen Liebe in langsamen Schritten erzählt. Wer damit gut umgehen kann, wird reich entschädigt, wer mehr Action braucht, dürfte sich hier schwertun. From the hat down kann für sich alleine stehen, jedoch ist es viel schöner, wenn man die Vorgeschichte in From the boots up gelesen hat. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A must read... Von Renate Ziesche You surely read "From the Boots up" so this sequel was what everyone waited for and was not disappointed !!!!! As far as I am concerned it could have gone on for another 100 pages! A great story !!

Kurzbeschreibung Meg Tallmadge is a veterinarian at a clinic in Laramie, Wyoming. She's got a great job, great friends, deep ties to the family ranch, and big plans for her vet future. Sure, there are bumps in the road, like her mom's continued denial about who Meg is and her painful and infuriating attempts to make Meg a proper woman. Then there's Meg's recent breakup with a girlfriend, which has her wondering why she can't seem to open up to relationships. But Meg knows that life is messy, and sometimes all you can do is get through and shake it off. What she can't seem to shake off, however, is her past. It's been almost ten years to the day since she met the love of her life, and about eight since she let her go. Meg has a hard time admitting that maybe she didn't really let go, and that maybe some things you never really get over, no matter how hard you try. But her past is half a world away, caught up in her own life, relationship, and journalism career, and Meg isn't one to chase the ghosts of past relationships. Even if they send you a birthday card and nudge what you thought were the closed-off parts of your heart. After all, second chances are the stuff of fantasies and movies where the good guy always gets a happy ending. You can't count on something like that. Or can you? Contains adult sexual situations.
