KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Solid RomanceVon AstridFirefighter Reid Webb has been in love with her best friend's sister since her teenage years. Now, that Jim has died and Isabel moved into the house next door to take care of Jim's son there's been no way of avoiding

the simmering attraction. 'Fully involved' is a solid romance and just the right book for a few hours of good entertainment. The characters are well drawn. The ending may be a bit abrupt. Still, I sincerely enjoyed the book and can recommend it to those looking for a nice, light read.

Kurzbeschreibung A love that has smoldered for years ignites when two women and one little boy come together in the aftermath of tragedy. An early morning hotel fire turns out to be anything but routine, and firefighter Reid Webb's best friend and partner, Jimmy Grant, dies. Guilt-ridden and grieving, Reid feels responsible for her partner's young son, Chase. She would do anything for him, even if that means spending far too much time in the company of the woman she's harbored feelings for since high school. Isabel Grant doesn't know anything about raising children. But when she returns to her hometown to assume custody of her orphaned nephew, she gets a crash course. Isabel's struggle to keep her footing in the midst of chaos is further complicated by her growing attraction to Reid, a woman whom Isabel blames for her brother's death.
