Love and GardeningVon Gertraut SeibGardens are a delight for me and that's why I bought this

book. For me is the talk about the different gardens not even embroidered enough! But I understand that all the love stories have to be taken care of... Well, Lucy and her friend Orlando, Helen, Lucy's father and his second wife Francesca, they are all people you understand and can live with through the story. And the really loveable Mac and his ?nephew? Conrad, I rather fall for them! Only Savannah and her boasting father are not the kind of people I like and nobody minds that they get lost at the end of the story...

Kurzbeschreibung A gorgeous, heart-warming tale set among the gardens of Italy from bestselling author Erica James. The Gardens of Delight brochure promises the opportunity to visit some of the most beautiful gardens in the Lake Como area of Italy. For Lucy, the chance to go to Italy offers more than just gardens. Lake Como is where her father lives, and the last time she saw him was when she was just a teenager. Recently married Helen and her wealthy husband have just moved into the Old Rectory. With her husband spending so much time away from home, Helen throws herself into caring for the garden. But Helen needs help - and friends - and so decides to take the plunge and join the local Garden Club. Conrad isn't the least bit interested in gardening. Widowed for five years, his life revolves around work and humouring Mac, his elderly uncle who lives with him, and who has expressed a desire to go on the Gardens of Delight tour. Reluctantly, Conrad agrees to accompany him. 'Anything for a peaceful life,' he concedes. But a peaceful life is the last thing any of them are in for... Pressestimmen A skilful writer possessed of great sympathy and humour.. this moving tale will not disappoint.
